I would have never been able to finish this study without the support, patience and
guidance of the following people. It is to them that I owe my deepest gratitude.

First of all, I am deeply grateful to my guide Prof. Chandrashekar Adiga. To work with
him has been a real pleasure to me, with heaps of fun and excitement. He has been a steady
influence throughout my Ph.D. career. He has oriented and supported me with lots of care, and
has always been patient and encouraging in times of new ideas and difficulties. He has
listened to my ideas and discussions with him frequently led to key insights. I learned a lot
from him about life, research, how to tackle new problems and how to develop techniques to
solve them. I take this opportunity to thank his family members for their moral support,
kindness and encouragement.

I submit my heartfelt Pranamas to the sacred feet of his holiness Sri Sri Sri Dr.
Balagangadharanatha Mahaswamiji, the pontiff of Adichunchanagiri Mahasamsthan matt,
who’s holy blessings inspired me to take up this work, ignited my spirit, elevated my inner
strength and guided me in the right path for the successful completion of this work. I also
express my sincere pranamas to Sri Sri Gunanatha Swamiji, Adichunchanagiri Shaka matt,
Sringeri, for their divine blessings and inspiration.

I express my deep gratitude to Prof. C. K. Subbaraya, Principal, Adichunchanagiri
Institute of Technology, Chikmagalur, for his valuable ideas, suggestions, moral support and
constant encouragement to do my research work. I also express my sincere thanks to the
management of Adichunchanagiri Institute of Technology, Chikmagalur, for providing me an
opportunity to do my research work.

I take this opportunity to express my Sincere thanks to Prof. B. S. Kiranagi, Prof. H N
Ramaswamy, Prof. Soner Nandappa, Prof. D. D. Somashekara, Dr. R. Rangarajan, Dr. K. R.
Vasuki and Dr. Veena Mathad, Department of Studies in Mathematics, University of
Mysore, Mysore for their valuable suggestions and encouragement.
I am highly indebted to Prof. A. Bayad, Universite d'Evry, France, Prof. I. Gutman, University of Kragujevac, Serbia, Prof. Yu-ge Zheng and Prof. Ying Wang, Henan Polytechnic University, China, for their collaboration and valuable suggestions throughout the tenure of research.

I extend my gratitude to Prof. G. N. Rajappa, HOD, Department of Mathematics, Adichunchanagiri Institute of Technology, Chikmagalur, for providing immense support and encouragement during my research work. I also thank my colleagues Prof. N. E. Rajanna, Mrs. B. K. Thara, Mr. H. B. Mallikarjun, Miss, Chithra L. S., Miss. Shivathmi A. V., Miss. Jyothi V., Miss. Mitha V. U. for their help and support.

I thank Mrs. K. S. Geetha, Mr. H. Suthakar and other supporting staff of the Department of Studies in Mathematics, University of Mysore, Mysore for their help throughout my research work.

Special thanks to Mr. Sriraj M. A., Miss. Veena C. R., Mr. Ananth Kumar S. R., Mr. Ranjitha Kumar and Mr. Deepak S. for their invaluable help throughout this research work.

I am thankful to my fellow research friends Dr. Shivakumar Swamy C. S., Mr N. Nanjundaswamy, Dr. P. S. Guruprasad, Mr. G. Sharath, Mr. Haidar Ariamanesh, Mr. Narasimhamurthy, Mr. N. Ravikumar, Mr. R. G. Veeresha, Miss. S. L. Shalini, Miss. P. Shashikala, Miss. A. Vanitha, Miss Surekha, Mr. Nasser Abdo Saeed Bulkahi.

I would like to thank Prof. B. N. Ramesh, Prof. H. G. Shekar, Prof. Y. C. Kiran, Mrs. Sheela H. G., Mrs. Vinutha S. V. and Mr. Vilas Watwe for their immense support and encouragement.

I also want to thank Mr. Subramanyaraje Urs, Mr. S. Krishna Rao and their family members for their moral support, kindness and encouragement.

None of this would have been possible without the support and blessings of my parents, my sister, brother-in-law and other family members. My sincere thanks to one and all who have supported directly or indirectly during the period of research.

Shrikanth A. S.
