Any research work whether big or small requires the co-operation of various related agencies and also of colleagues in the field. The Investigator was lucky enough to obtain willing and enthusiastic co-operation, help, guidance and good wishes from many a person. I want to express my deep and sincere sense of gratitude to all those who have helped me in this research study. Without the help, care and sympathy of all these people I should not have been able to complete this study.

First of all, I take this opportunity to thank my Supervisor Dr. Rajendrasinh Jadeja, Director, H. M. Patel Institute of English Training and Research, for his kind affection and valuable help. He is an imaginative teacher, researcher and scholar, and has been a friend philosopher and guide. I must mention his invaluable guidance and encouragement all through the course of the study. I cannot but express heartfelt thanks to him.

I am grateful to my parents, grandfather and brother for their love and affection towards me. I must put this on
record that my family members constantly encouraged me to get through this research work successfully. For their care towards me, my gratitude towards them would always accumulate like compound interest.

For help with the statistical analysis of the data I was advised and assisted by the experts in the field, namely Dr. K. S. Likhia, Reader, P. G. Department of Education, Sardar Patel University, Shri Rajubhai Chaudhari, Lecturer in Statistics, V. P. & R. P. T. P. Science college, Vallabh Vidyanagar. They are men with insight and intensive knowledge of statistics.

I am equally thankful for the help of typing of the thesis, Shri Amit B. Patel of Shreenathji Laser & Offset, Anand for devoting his time throughout these days. He constantly provided me with the required motivation.

I cannot forget the help of Neetaben Jadeja and Asha for their constant encouragement. I take this opportunity for thanking all those who helped me directly or indirectly.
Finally and affectionately, I am thankful to my wife Shraddha for constant encouragement. How can I ever repay her for what she has done for me and given me? She has cared for me more than she cares for herself or even I care to care for me. It was she who made this work a concrete possibility.

Anand
