ACKNOWLEDGEMENTS

I have no words to express my deep sense of gratitude to my respected teacher Dr. I. L. Kothari, Reader in Plant Pathology for his constant help, valuable guidance and immense patience throughout the course of the present study.

My thanks are due to the following:

* Professor J.A. Inamdar, Head, Department of Biosciences for providing laboratory facilities and encouragement during my research study.

* Gujarat Agriculture University for providing samples.

* I express my gratitude to Mrs. Haque, Principal and staff members of Foods and Nutrition Department, S.M. Patel College of Home Science for their kind cooperation throughout the research tenure.

* Dr. J.D. Patel, Reader in Botany for fruitful discussion and suggestions at every stage of my work.

* I feel privileged to express my sincere gratitude to Dr. A.K. Ray, Dr. R.M. Patel (Chemistry Department), Dr. R. B. Subramanian (Department of Biosciences),
Mr. Dipak Patel (Physics Department), Mr. Harshadbhai Patel, Mr. Navin Patel, Mrs. Smita Amin and Mr. Rashesh Parikh for their technical and allied help to complete my research endeavour.

* Last but not the least, I could not have completed this piece of work without the eveready help rendered by my colleagues, Bhargavi Shukla, Tushar Patel, Hitesh Patel, Udhaya Joseph and Yogesh Vadwala owe a great deal to them.

* My special thanks to Heena-Beena Patel, Mercymol and Bennet for their kind help during my research work.

* The patience and encouragement of my family members proved to be a greatest piller of strength in completion of the endeavour.

* I will remain ever grateful to one and all who have directly or indirectly contributed to this work.

Date: 9th Jan 1992, Vallabhbh Vidyanagar

DAXA M. AMIN
