ACKNOWLEDGEMENT

I wish to place on record my sincere thanks and gratitude to Dr. V.S. Govindan, Professor, Centre for Environmental Studies, Anna University, for his guidance, valuable suggestions and critical analysis of my thesis.

I owe my sincere thanks to Dr. R. Govinda Rao, Professor and Head, Department of Physiology and Biochemistry, Tamilnadu Veterinary and Animal Sciences University and Dr. R. Raja Rao, Professor, Centre for Advanced Studies in Botany, University of Madras for sparing their valuable time, cooperation and help.

I am thankful to Dr. P. Ramadoss, Professor, Dr. V. Thiagarajan, Professor and Dr. S. Meerarani, Assistant Professor, Department of Animal Biotechnology, Dr. A. Sunderaraj, Professor and Head, Department of Pathology, Dr. T. Radhakrishnan, Associate Professor, Department of Animal Husbandry Statistics, Tamilnadu Veterinary and Animal Sciences University and Dr. John Edwin, Professor and Head, University Research Farm, Centre for Animal Health Studies, Madhavaram and Dr. R. Pitchai, Former Director, and Dr. R. Nagendran, Assistant Professor, Centre for Environmental Studies, Anna University, for their timely help and suggestions.

My heart-felt thanks are due to my sister, Dr. Ruby Daniel and my brother-in-law Dr. A. Daniel who were instrumental for my taking up the Ph.D. programme.
