ACKNOWLEDGEMENT

The author expresses her profound and heartfelt gratitude to her supervisor, Dr.N.V.Pundarikanthan, Director, Centre for Water Resources, for his inspiring guidance and constant encouragement throughout the research.

The author expresses her deep sense of indebtedness to Dr.P.S.Rao, for his scholarly advice, valuable guidance and inspiration at different stages of the research work. The author expresses her sincere thanks to Dr.K.Elango, Indian Institute of Technology, Madras for his help and advice as the member of the Doctoral Committee.

The author is extremely thankful to Dr.R.Sakthivadivel and the IIMI team for providing an opportunity to work with them in their NWMP Evaluation Study of the Sathanur Irrigation System.

The author expresses her gratitude to the Project authorities at Sathanur for providing assistance and the University Grants Commission for having provided her with a fellowship.

The author offers special thanks to her friends Dr.T.Vasanth, Mr.T.R.Neelakantan, Mr.V.Krishnan, Mr.R.Balamurugan, Mr.S.Vellivel, Mr.Harikrishnan, Mr.Rajaram, Mr.P.Rajkumar and Ms.J.Selvarani for their kind help during this research work.

The author appreciates the encouragement and moral support received from her family, friends and teachers who have been instrumental in the progress of her studies and personal life.

C.SANTHI
