ACKNOWLEDGEMENT

The author expresses his profound sense of gratitude and heartfelt thanks to the research supervisor, Dr. A.R. Santhakumar, Professor and Head of Civil Engineering Department, for his keen interest, valuable suggestions, unhesitating and expert guidance given from the inception to the completion of this research work.

The author expresses his deep sense of gratitude and sincere thanks to Dr. Bh. Nagabhushana Rao, Lecturer in Civil Engineering, for his useful suggestions during the course of this research work.

The author places on record his heartfelt thanks to Dr. R. Radhakrishnan, Professor of Civil Engineering, for his constant encouragement at various stages of this work.

The author also thanks his colleagues who helped him in different ways, with special mention to Dr. M. Lakshmipathy, Dr. N. Chitharanjan, Dr. G. M. Samuel Knight and Thiru G. Sivaraman.

The author acknowledges the assistance rendered by his students, Thiru S. Rajaram, Thiru S. Perumal, Thiru A. Ganesan and Thiru V. Krishnasamy in various testing programmes.

The author wishes to thank Thiru M. Marudhachalam, Thiru R. Balasubramanian and Thiru M. V. Hemadri, the staff of Institute of Remote Sensing for helping him in using VAX 11/780 for running the computer programmes.
The help rendered by the non teaching staff of the Structural Engineering Division, in the experimental programme of this thesis is acknowledged.

The author acknowledges Thiru.A.M.S.G.Vijayakumar of Sivakasi for the preparation and supply of the blast charges used in this thesis work.

Dr.N.Janarthanan is thanked for his timely help in the literature survey connected with this work.

Thiru.A.Suryanarayana Sastri is thanked for the neat drafting of the figures and graphs.

The patient co-operation, devotion and encouraging words from his wife made the author fulfill his cherished wish of completing the research programme smoothly. His wife and children have adjusted patiently to all the inconveniences caused by the author’s commitment, without which this thesis would not have taken its shape. The indebtedness of the author to these members of his family is beyond expression.

Finally the author wishes to thank the Vice-Chancellor and the authorities of Anna University, Madras, for providing necessary facilities and for the financial assistance towards the preparation of the thesis.

There are many more who have assisted the author in ways beyond expression; to all those his gratitude is profoundly due.
