ACKNOWLEDGEMENTS

The author acknowledges with deep sense of gratitude the constant guidance and inspiration given by Dr. Udai Pareek. The author is greatly indebted to Dr. T. R. Tewari, the former Director of the National Institute of Health Administration and Education, New Delhi, for all the encouragement he has given in the earlier stages of this study, and to Dr. A. Timmappaya the present Director of NIHAE for providing all the facilities to carry out this research. The author is also thankful to the authorities of the University of Udaipur for making the computerization of data possible through a grant. The help of the faculty of NIHAE and the faculty of a few other medical colleges in developing the instruments of this study, and the principals of the different medical colleges in authorizing the survey of their students and providing facilities is gratefully acknowledged. The author benefited greatly from the cooperation and material supplied by George G. Stern, Edwin B. Hutchins, Donald L. Thistlethwaite, Gary J. Anderson and Alexander W. Astin. Thanks are due to Dr. Dinesh Patel, Shri B. A. Patel, and Shri Murthy of the computer center, Physical Research Laboratories, Ahmedabad, who helped in the computerization of data; Shri N. Dixit, Shri C. P. Joshi and Vijaya who helped in tabulating the data, and Shri Dinesh Bhatt who typed the first draft for a few chapters. Special thanks are due to Shri M. L. Mongia, of whose concentrated work on typing the report could take this form.
