It is a moment of gratification to look back with a sense of contentment at the long-path travelled, to recapture some of the fine moments and to think of the infinite number of people, who joined me at different stages of this journey, whose continuous encouragement, guidance, help, support, motivation, love and blessing has brought me, to this day, to achieve this milestone. Today, when I am on the verge of submitting my thesis, it is the matter of great honor, indeed a joyous moment and opportunity for me to acknowledge one and all of them.

With lots of positive reception, I take this opportunity to express my deep sense of gratefulness to my research guide, Dr. B. C. Dixit, (Associate Professor and Head, Chemistry Department, V. P. & R. P. T. P. Science College, Vallabhbhai Vidyanagar), who motivated me to work in the field of Synthetic Organic Chemistry. With his unstinted guidance, enthusiastic encouragements and expertise, I could succeed to reach this milestone in my life. He has always been encouraging, inspiring, helping, caring, supportive, passionate, suggestive and affectionate throughout the research span. I consider myself very fortunate for my association with him, which has given a decisive turn and a significant boost in my career.

With a great honor, I express my heartfelt gratitude to my research co-guide, Dr. D. J. Desai, (Ex-Principal, V. P. & R. P. T. P. Science College, Vallabhbhai Vidyanagar) for his valuable guidance, advices, suggestions, kind words of encouragement, support and constant motivation throughout the pursuit of the course with his keen interest in research.

My entire work was carried out in Chemistry Department, V. P. & R. P. T. P. Science College, so, I, sincerely be thankful to Dr. B. D. Patel (Principal) and Shri K. M. Patel (I/C Ex-Principal) for providing all the necessary facilities required for successful completion of my research. I am also thankful to the authorities of Charutar Vidya Mandal as well as Sardar Patel University for providing adequate facilities for the higher education.

I am thankful to Dr. K. D. Patel, (Associate Professor) as well as other research guides and staff members of administrative office of the college, who directly or indirectly helped and supported me during my research work, I am also thankful to the teaching faculties who taught me during graduation and doctoral study, as well as non-teaching staff members of Chemistry Department for their kind cooperation and support.
Throughout my research programme their blessings had showered upon me, which helped to make things simple and programmatic. I sincerely thank to all my teachers also, who had taught me since my childhood. I would not have been here without their help, support and blessings.

I am also thankful to Dr. H. S. Patel, Dr. D. I. Bhrambhatt and Dr. D. K. Raval for their moral support and spontaneous delivery of knowledge during the course of my post-graduation.

I sincerely thank to Prof. P.H. Parsaniya (Head, Chem. Dept., Saurashtra University, Rajkot) to permit me for literature survey by using SciFinder Database.

The assistance of our collaborators Dr. V. H. Patel (Department of Physics, Sardar Patel University) and Mr. Sahaj A. Gandhi (Department of Physics, Sardar Patel University) for X-ray diffraction study of single crystal is greatly lauded.

I would like to thank Dr. Chaitanyasinh Chudasama (Microbiology Department, V. P. & R. P. T. P. Science College, Vallabh Vidyanagar), who helped me to perform antibacterial and antifungal evaluations of the entitled compounds. I am also thankful to Dr. Dhanji Rajani (Micro Care Laboratory, Surat) for their cooperation in performing the antitubercular and antimalarial evaluations in vitro. Their unique points of view made me appreciate about the exciting nature of research at the interface of biology and chemistry.

For technical consulting, I would like to thank to the Director(s)/Head(s) and Analyst(s) of Sophisticated Instrumentation Centre for Applied Research & Testing (SICART, Vallabh Vidyanagar), Department of Chemistry (Sardar Patel University - Vallabh Vidyanagar), Director(s)/Head(s) and Analyst(s) of Sophisticated Analytical Instrumentation Facility (SAIF, Panjab University Chandigarh), Oxygen Healthcare Research Pvt. Ltd. (Ahmedabad) for their kind help and support during the course of my work.

I gratefully admire the role played by my seniors, Dr. H. M. Patel and Dr. D. M. Patel. Words are inadequate to express my heartfelt expression of gratitude to most treasured senior lab-mates and friends, Dr. Natvar A. Sojitra and Dr. Chandresh L. Jagani, who were always with me, helping me in all situations. I owe my deep sense of appreciation to my lab-mate and friends Dr. Satish F. Vanparia, and Dr. Hemal B. Mehta for their selfless cooperation, help, and support during hours of need. I will never forget their all kind concern, help, best wishes and that they have done for me. Their discussions and suggestions are invaluable to my work. All of these have made my working in the lab very comfortable, cheerful and enjoyable. I also express my warmest thanks to all my colleagues at VPM: Dr. Santosh, Dr. Chaitanya (Micro), Dr. Vipul,
Dr. Ashish, Dr. Gaurang, Dr. Ravi, Dr. Gautam, Dr. Harshad (Phy), Dr. Ketan, Dr. Hitesh, Mr. Keyur, Mr. A.K. Patel, Mr. Mandar, Mr. Dhaval, Mr. Rinkesh, Mr. Chirag, Mr. Amit and Mr. Nisarg for maintaining a humid and cheerful atmosphere.

I extend my special thank to Dr. Jiten C. Patel and Mr. Jaimin D. Bhatt for their brainstorming suggestions, kind support and help. Without whose encouragement and motivation, I could never been accomplished the study.

I am thankful to Mr. Ketan A. Patel for his kind concern, moral support and help. It is my duty to acknowledge all my dear friends, Rohit Patel (Ravi), Sachin Deas, Ronak Parekh, Chirag Purohit, Sunit Dalwadi, Kalpesh Jadav, Kalpen Patel, Dharam Pandya, Pradhyuman Parmar, Deepen Gandhi, Meet Mistry, Divyesh Patel, Vaibhav Patel, Pranav Patel etc., for keeping their understanding and patience with me throughout my anxieties during past years. I am really very much thankful to God for giving me such understanding friends.

The genesis of humble achievement truly lies in the inspiration of my beloved parents, Smt. Sumanben and Shri Suryahgntbhai, who have borne the major brunt of difficulties to make my education comfortable, enjoyable from the very beginning till the end. Their blessings which always have been revered treasure of my life. I bow myself in utter humility and complete dedication to them. I am equally indebted to my dearest sisters, Mayuriha & Heshma who serenely took my responsibility as well as played precious role during the tenure of my doctorate studies. I won’t find words for their patience, love, care and all kind of support. I am also thankful to my sisters and brothers in-law for their constant support and motivation in all circumstances. I extend my respect to all the elders and love to all the younger to me in the family.

Finally, I would like to express my apology to those, whom, I could not mention personally one by one, as well as I thank everybody who was important to successful realization of my study.

Last but not least, I offer my prayers to Almighty without whose blessings, nothing is possible.
