ACKNOWLEDGEMENT

I feel emotionally moved when it comes to acknowledge after the task is accomplished. My mind is full of images of those who directly or indirectly helped me in this endeavour. I thank to one and all.

I WOULD LIKE TO THANK THE ALMIGHTY “JAYAGURU” FOR THE ENERGY, PERSEVERANCE, POWER, PATIENCE AND INTELLIGENCE, I HAVE BEEN GIFTED WITH.

It is a great pleasure for me to express my sincere thanks and deep sense of gratitude to my guide, Dr. Mira Das, Professor, Institute of Technical and Education Research, Bhubaneswar for his keen interest, valuable suggestions, constant encouragement, moral support, and inspiring guidance.

My Sincere thanks to Prof. U.N. Dash, Formerly professor of Utkal University and Institute of Technical and Education Research, Bhubaneswar for his valuable suggestions, constant encouragement, moral support, thesis writing and inspiring guidance.

I am very much thankful to my co supervision of Dr K.K. satpathy, Senior scientist of IGCAR, Kalpakam, Chennai and Ranjib Parhi, Senior Scientist of IGCAR for their timely help in instrumental analysis Ion Chromatography and moral support and inspiring guidance.

I am very much thankful to Prof. Sujata Mishra, HOD, Dept. of Chemistry, ITER, constant encouragement, moral support.

I am very much thankful to Dr Trupti Das, Senior scientist of IMMT, Bhubaneswar for their timely help in instrumental analysis SEM, and XRD.

I am also thankful to Chandrasekhar and Govind Rao, Senior Scientist of Geological Survey of India, Eastern Region, Kolkata, for their help to draw contour diagram of my thesis.

I would like to take the opportunity to express my sincere gratitude to my uncle and anti Baikunth Charan Behera and Sabitri Behera for their love, support and blessings without which the dream would not have been come true.

I would like to express my sincere gratitude my lovely wife lucy, daughter Ayushi and son Pranit, who cooperate me during this study and for their love, support, inspiration for doing PhD and without which the dream would not have been come true.

At last but not the least, I would like to thank all the staffs of ITER and Chemistry Department Bhubaneswar, and who helped me in their own way at the right time during the work.

The author wishes to extend a special tribute of gratitude to his family members for their encouragement and support throughout the work.

Thanks to the Jayaguru for all his Blessings and wish for accomplishing this work.
