ACKNOWLEDGEMENT

It is a unique opportunity to express my deepest sense of gratitude and indebtedness to my supervisor, Dr. Sanghamitra Nayak, Professor and Head, Center of Biotechnology for all her advice, meticulous mentorship and encouragement. I owe her for showering light of true knowledge in my path of darkness not only with her inspiring personality but also with valuable and scholarly research guidance, constant and timely supervision throughout the period of research and preparation of this manuscript. Her unselfish nature of helping all inspired me a lot. Her motherly love and affection, constant support had made my way. Thanks a lot for being so kind to me. Without her it wouldn’t have possible to think even a bit to go ahead.

I would like to acknowledge DST-INSPIRE division govt. of India for the financial support. I sincerely express my heartfelt gratitude to Professor Manoj Ranjan Nayak, President, Siksha O Anusandhan University for allowing me to conduct my PhD work at this prestigious university. I would like to thank Professor Sudam Chandra Si, Dean, School of Pharmaceutical Sciences, Siksha O Anusandhan University for all his kind support.

I would like to thank Dr Goutam Ghosh and Dr Debajyoti Das, Department of Pharmacognosy, School of Pharmaceutical Sciences, for their guidance, support, invaluable comments and suggestions.

Special thanks to Dr. S Singh, Dr. L. K. Acharya, Dr. E. Subudhi, Dr. M K Panda, Dr. S Mohanty, Dr P Dash, Dr. R. K. Joshi, and Dr. A P Das for encouraging me at the Centre. Thanks to all research scholars, staffs, and lab attendants of the Centre for providing their helping hands.

I am extremely thankful to Sriram, Sudipta, Ambika, and Suryasnata for their unselfish support during the work. I am also thankful to Reena didi, Ananya mam, Ellojita, Dattatreya, Biswa and Satya for their encouragement and support. Thanks to all my dear friends Litty, Pintu, Priya, Kuna, Digant, Rajesh and Aradhana for their love, constant inspiration and moral support.

My special thanks goes to Basudeba, my forever friend and soul mate, for all he has been to me starting from beginning and in successful accomplishment of this manuscript. Words and deeds are insufficient to repay the unconditional love, incessant inspiration, encouragement and moral support, without him this work would not have been possible a bit.

I owe a lot to all my family members and relatives specially my parents, in-laws and my sister for their unconditional love, affection and moral support without which this work would not have seen light of the day.

Lastly, I bow in reverence to God, whose blessings enabled me to complete this work successfully.
