

ACKNOWLEDGEMENTS

I take this opportunity to express my immense gratitude to acknowledge the contribution of a number of people towards this effort. I am thankful to almighty for directing my consciousness towards research in the field of application specific processor design and optimization for memory management.

I would like to express my deepest gratitude to my guide, **Dr. V.K.Thakar, Professor and Head, ECE Department, ADIT**. I am greatly indebted to him for his valuable advice and moral support. His broad knowledge, rigorous working attitude and eagerness for new technologies are always my model to follow.

I would like to thank my all colleagues and my friends for their support and help and things that they have taught me.

Last but not the least; I would like to thank my family members for their support and patience.
