BIBLIOGRAPHY
ECOLOGICAL STUDIES ON SPATIAL AND TEMPORAL PATTERNS OF HYDRO GEOCHEMICAL CHARACTERISTICS IN RELATION TO BIOTIC COMPONENTS OF TWO TROPICAL WETLANDS, OF CENTRAL GUJARAT, INDIA.

BIBLIOGRAPHY

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeological characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Bibliography
Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Bibliography
Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

IUCN, 2008. IUCN Red list of Threatened Species. Bucero. 13: 3-4

Bibliography
Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecologica. studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Bibliography
Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydrogeochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Bibliography
Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Bibliography
Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecologica. studies on spatial and temporal patterns of hydro geo:hemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.

Ecological studies on spatial and temporal patterns of hydro geochemical characteristics in relation to biotic components of two tropical wetlands, of central Gujarat, India.
