Acknowledgement

It is a great pleasure to thank everyone who has helped me to write my thesis on “The effect of stress on Health Consciousness and Eating Attitude among Diabetic and CHD patients and Normal people” successfully. Without the support, patience and able guidance of the following people, this study would not have been completed. I owe my deepest gratitude to all of them.

First and foremost I would like to thank my respected guide Dr. L. R. Yagnik, H.O.D., Department of Psychology, S.P. University, V.V.Nagar, who has very patiently and supportively guided me throughout my study.

Then, I am truly indebted and thankful to Dr. Y. A. Jogsan, Dept. of Psychology, Saurashtra University, Rajkot, for his valuable help in statistical analysis and to inspire me to improve my thesis writing.

I am obliged to my parents Mr. Nikunjbhai A. Vaidya and Mrs. Gayatriben N. Vaidya, and my in laws parents Mr. Yogeshbhai P. Rindani and Mrs. Devilaben Y. Rindani with whose blessings and moral support I could successfully complete my work.

And above all, this study would not have been possible without the support, encouragement and help of my husband Mr. Paranjay Y. Rindani. He has always stood with me during my work.

I would like to thank Mr. N.V.V.S. Narayana, who has developed revised scale of Health Consciousness, has helped me to write introductory writings of health consciousness through correspondence.
I would like to thank all patients of diabetes and CHD, and that entire people who have filled up questionnaire, with whose satisfactory response I could prepare my research work and get expected results. At last I am grateful to all those people who have helped me directly and indirectly.

Thank you...

Vaidya Spruha N.
