ACKNOWLEDGEMENT

The dearth of well standardized test tempted me to undertake the work of constructing and standardizing the present test.

It is obvious that standardization of a test requires co-operation from many individuals like friends, colleagues, professors, head masters, teachers, students etc. Therefore, the number would be large and it would be difficult to mention their names here.

I also express my special thanks to Shri R.S. Trivedi, Chairman, Higher Secondary Board, Gujarat State, Dr. Yashomatiaben H. Patel, Principal, S.M.N. Dalal College of Education for Women, Ahmedabad for I was much profited from discussions that I had with them. I also thank Dr. I.A. Vora, Reader in Education, Department of Education, Sardar Patel University, Vallabhbh Vidyanagar who helped me in drawing the graphs.

Finally, in this connection, I express my deep sense of gratitude to my guide Principal Dr. B.V. Patel, who with his characteristic generosity, has sacrificed much time and labour in giving me valuable guidance and
timely help and unfailing inspiration, this work would not have been possible.

Lastly, I am grateful to all, who helped me at one or other stage, directly or indirectly in this investigation.

September, 1984

Jagdish R. Trivedi
