To ensure effectiveness of child's education, it is necessary that several people and agencies should cooperate with the school. Below are listed some such people and agencies whose cooperation is very much needed by the school. You are requested to rank them in order of importance as considered by you. Kindly write 1 against the group which you think to be most important, 2 against the next most important and so on.

I hope you will kindly make it convenient to spare a few minutes of your precious time and enable me to study this important aspect of education by expressing your valued considered opinion.

Thanking you,

Yours sincerely,

(D.R. Vij)
