Acknowledgment

I express my deep sense of gratitude and profound indebtedness to my esteemed guide Dr. (Mrs.) S. Manocha, Professor in Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar, whose able guidance, encouragement and support led to the fulfillment of my research work in the form of this thesis. Her keen interest has always been a great inspiration for me to work with zeal. The years spent in her counsel and company will have a lasting positive impact on my professional career.

I am indebted to Dr. L. M. Manocha, Professor and Head, Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar, for his day to day guidance in every aspect of life. He made me aware of so many points, which were indeed very central to one’s understanding of the subject. This thesis is an outcome of his binding concern, support and valuable suggestions making me aware of many points. I would like to express my gratitude for his help and guidance.

I sincerely thank my friends and colleagues Dr. Vanraj Chauhan, Dr. Mitesh Patel, Dr. Ashish Warrier, Mr. Jignesh Valand, Mr. Nilesh Parmar, Mr. Rakesh Patel, Mr. Rakesh Raj, Mr. Narendra Movaliya, Mr. Bharat Patel, Mr. Jignesh Panchal, Mr. Nikesh Patel, Mr. Harshad Patel and Mr. Amit Brahmbhatt for their timely help and support during and towards successful completion of my research work.

I am thankful to non-teaching staff Mr. S. A. Barot, Mr. B. Meheriya, Mr. R. M. Rana, Mr. Hardhik Shah and Smt. Parul Sheth for their constant co-operation.

For the present work I had used the testing facilities extensively such as CHNO analysis, liquid nitrogen etc. at Sophisticated Instrumentation Center for Advance Research and Testing (SICART), Vallabh Vidyanagar. I am grateful to the Mr. Nikunj Patel, Mr. Vipul Patel, Mr. Chetan Patel and the Management of SICART-CVM for providing the facility.

I am thankful to Gujarat Council on Science and Technology for the financial assistance under ‘Center for Excellence for Nanoscience and Nanotechnology’ during my research work.
The words are insufficient to express my gratitude to my beloved parents Shri Kumudechandra Shah and Smt. Surekhaben Shah. The present work would not have been possible without their indispensable help, unlimited patience and affection full of constant encouragement in all my endeavours. Affection full of constant co-operation from my loving brother Manoj Shah and bhabhi Minal Shah have been valuable support to me.

I am also very much thankful to all my relatives and friends who have helped me directly or indirectly during my research work.

With deep and heartiest sense of gratitude I thank my mentor Prof (Mrs.) S. Manocha and Prof. L. M. Manocha for their love, blessings and inspiration.
