ACKNOWLEDGEMENTS

It gives me great pleasure to expressing my sincere gratitude to Professor M.S. Joshi, M.Sc. (Bombay), Ph.D. (London), Department of Physics, Sardar Patel University for his valuable guidance and encouragement during the course of this research programme. I am thankful to him for providing excellent facilities in the Department from July 1980 to April 1983.

I am thankful to Professor M.K. Agarwal for providing excellent facilities in the Department for the present work from April 1983 onwards. I sincerely thank Professor A.R. Patel, Professor S.M. Patel and Dr. G.K. Shivakumar and all other members of teaching staff of this department for their interest in the present work. The help extended by the office staff and the USIC is acknowledged. I wish to put on record my sincere thanks to Shri N.G. Patel for helping me in the use of Electron Microscope, and to Shri U.R. Rao and A.B. Patil in the fabrication of the adsorption unit.

I would like to express my gratitude to the University Grants Commission, New Delhi for award of a Teacher Fellowship under F.I.P. I am indebted to the Principal and also to the Management of Netaji Subhash
Chandra Bose College, Nanded, Maharashtra for grant of study leave.

I am very much thankful to Dr. I.S. Bharadwaj and Dr. T.S.R. Prasada Rao (I.P.C.L., Baroda) for their keen interest in my work. I sincerely thank Dr. A.B. Halgeri and Dr. S.G.T. Bhat (I.P.C.L., Baroda) for fruitful discussions. I am grateful to Dr. A.V. Deo (A.C.C., Thane), Dr. Nadiger, Dr. Chauhan, Dr. Bose, Dr. (Miss) Rekha Shah (ATIRA, Ahmedabad) and Shri V.G. Shah (F.R.L., Ahmedabad) for their help during this research programme. I wish to acknowledge earnestly Dr. T.R. Joshi (Faculty of Technology and Engineering, M.S. University, Baroda) and Dr. Sail (Department of Home Science, S.P.U.) for their help and fruitful discussions.

I would like to acknowledge Shri R.G. Kanitkar, Shri V.V. Joshi, Dr. B.T. Bhoskar, Dr. P. Mohan Rao, Dr. D. Lakshminarayana, Dr. G.S.T. Rao, Shri Ashok Patel and all other colleagues in the Department for their consistent help and suggestions. Thanks are also due to Shri Prakash Salvi for neat and prompt typing of the thesis.

I owe special appreciation to my wife, Anita for her encouragement in my research work. Blessings of my mother and good wishes of my relatives are appreciated.
