To  
The Director,  
Department of Teacher Training  
Ministry of Education, Thailand.

Dear Sir,

I have the pleasure in approaching you with regard to  
Mr. Vichitr Yosuwan who happens to be studying for Ph.D. in  
Education at the Sardar Patel University, Vallabh Vidyanagar,  
Gujarat state, India. Mr. Vichitr has taken the topic of:  
"A Study Factors affecting In-service Education Programme  
of Teacher Education Programme in Thailand."

Mr. Vichitr is a lecturer in Chiangrai Teachers'  
College, Chiangrai province and as a fulfillment of his  
desire to get higher qualification after getting M.Ed. degree,  
he has undertaken the task for Ph.D. This requires the  
collection of data from various personalities and educational  
institutions in Thailand. He has to get the responses  
through the questionnaire, opinionnaire and will also be required  
to interview personally a large number of respondents  
together with administering of certain Psychological and  
Sociological tests.

The collection of data would require help and  
assistance from different types of persons and you happen  
be one of the important persons to be approach for  
help and guidance.

May I therefore, request you to be kind enough to  
be cooperative to help our student who is a Thai citizen.  
Your valuable help will go a long way in helping a Thai  
student.

Thanking you,

Yours sincerely,

B.V. Patel
