ACKNOWLEDGEMENT

I genuflect in veneration to my Guruji Professor Indravadan L. Kothari, Department of Biosciences as my mentor, friend, philosopher and guide who taught me not only the basics of research but also the niceties and perseverance necessary for carrying out meaningful research.

I am thankful to Department of Science and Technology (DST, Delhi) for providing financial support by way of sanctioning collaborative multi-centric research project viz. "Development and Standardization of Herbal Anti-malarial Drug". I am thankful to the members of DST committee Dr. G.J. Samathanam, Director, DST, Dr. G.P. Dubey, former Dean of BHU and Dr. Dinesh Katoch, AVUSH for their valuable suggestions to improve the present work.

I am thankful to Dr. Janmejay H. Patel, Director, PMAM Pharmacy, Nadiad an industrial partner and the co-sponsor with DST in this project. I am also thankful to Mr. Harpalsing Zala and Mr. Jigar Patel for their continuous support for the medicine production during the project.

I also express my deep sense of gratitude to Professor K. S. Rao the present head of the department and Professor D. Madamwar the former head, for providing facilities to carry out this research. I am thankful to the professors Dr. R. B. Subramanian, Dr. T. V. Ramana Rao, Dr. J. S. S. Mohan, Dr. Nataraj, Dr. Vasu Thakkar, Dr. M. N. Reddy, Dr. K. C. Desai, Dr. Ujwal Trivedi, Dr. Sujata Bhatt and Dr. Georg Linzbouy for their constant encouragement and manifold help during the tenure of my research work.

I am thankful to Dr. Minoo Parabia, Professor & Head, Department of Biosciences, Veer Narmad South Gujarat University, Surat for giving me guidance as and when required through his specialized knowledge in the field of medicinal plants. I am thankful to Dr. M. N. Reddy, Dr. Smita Pathak and Ms. Falguni Sheth for their continuous co-operation and immense support during my research work.

I am thankful to Mr. Nitin Solanki and Dr. Hitesh Patel for their help in using analytical instruments and Mr. Navin, Mr. Kazi, Mr. Rashesh with all the non teaching staff of the department who supported me during the research tenure.

I am thankful to Dr. A. Ray, Professor, Department of Chemistry and Mr. Hiren Doshi for helping me in the interpretation of spectroscopic data of IR, NMR and MS graphs.
I am thankful to Mr. Rajan Patel and Mrs. Pinal Patel, Medical Officers, Indu Voluntary Blood Bank, and Mr. Jignesh from Indian Redcross Society for providing blood and serum necessary for in vitro P. falciparum culture.

I am especially thankful to Dr. Ravin S. Patel (M.B.B.S.), Medical Officer, Kashiba Sarvajanik Dispensary, Mogri for his support during the clinical trial of anti-malarial medicine. I am also thankful to Dr. M.P. Vasani, District Ayurvedic Officer, Dr. S.C. Vashishttha, Chief District Health Officer and Dr. Rajesh Mehta with all other associated doctors in carrying out clinical trial.

I am thankful to Dr. C.R. Pillai and late Dr. (Mrs.) C. Usha Pillai of Malaria Research Centre (MRC), Delhi for giving me training on in vitro malaria parasite culture. I am thankful to Dr. Banerji, Research Scientist, MRC, Nadiad for giving me training for the identification of different stages of malaria parasites. I am thankful to Dr. Bhatt and Dr. Shrivastav from MRC, Nadiad for providing guidance as and when needed. I am thankful to all other technical staff of MRC, Nadiad and Delhi for their co-operation.

I am thankful to Prof. Jignesh Smart, MCA Department, Ms. Meghna Adhwaryu and Ms. Swati for helping me in the statistical analysis.

I am thankful to Dr. Pratibha Desai for allowing me to use their microscopy facility at P.T. Sciences College, Surat and Mr. Jay Berghifor helping me in the photography.

I am thankful to Mr. Manital Patel for maintaining continuous supply of raw material for production of medicines and Mr. Satish Patel for his help in field photography.

I am thankful to the staff of general section Mr. Mukesh Darji, Mrs. Anandi Parmar and Mr. Deepak and the staff of account section Mr. Hitesh, Mr. Arjun, Mr. Parmar, Mr. Purvesh and Ms. Falguni Bhatt for their support during the university administration work during the Ph.D. tenure.

Special thanks are due to all my senior colleagues Dr. Urvik Patel, Dr. Mital Patel, Dr. Maulin Shah, Dr. Rajarshi Banerjee, Dr. Kalpesh Ishnawa, Dr. Yogesh Mahida, Dr. Urvashi Sharma, Dr. Jinaabhat, Dr. Hiren, Dr. Darshan, Dr. Saurabh, Dr. Mandakini, Dr. Payal and Dr. Digvijay. My special thanks to Jankj and Purvesh for helping me in maintaining parasite culture during my absence in lab. I am thankful to Bhargav, Bharat, Pinakin, Prakosh and Sushil for helping me in many ways during my research tenure. I am thankful to Mr. Badrish Soni, who readily accompanied me to malaria endemic areas for collecting blood samples from the malaria patients. My immense
thanks to my colleagues Bushra, Swetha, Muna, Pritesh, Vishal, Dipti, Neha, Suchata, Nandini, Devang, Himanshu, Harsur, Amit and Vinay for the good interaction with them during my research tenure.

I acknowledge Dr. Tannaz Birdi, Deputy Director of Foundation for Medical Research, Mumbai, for providing facilities for animal experiments. I am thankful to Ms. Poonam Baswani and Mr. Brijesh for their continuous support in preclinical anti-malarial trials on animals. I am thankful to Dr. Chanda of Saurashtra University for providing facilities for toxicological evaluation, and Dr. G. Victor Rajamanickam, Dean, Centre for Advanced Research in Indian System of Medicine (CARISM), SASTRA University, Thanjavur for providing facility for heavy metal analysis and Dr. Badigar, Dhanvantary Pharmacy College, Ktm for providing facility for HPLC analysis, Prof. S.K. Datta, Materiology Department, M.S. University for XRF analysis and SICART for providing facilities for IR and GC-MS analysis.

I am thankful to Dr. S. Maiti, Director, National Research Centre of Medicinal and Aromatic Plants (NRCMAP), Boriavi for permitting me to assess their facilities. I am thankful to the scientists of NRCMAP Dr. Kunal Mandal, Dr. Geetha, Dr. P.P. Joshi and Dr. Sanghamitra for their co-operation as and when needed. I am thankful to Dr. V. Rama Rao, Mr. Sunil Khristi, Ms. D. Chalani, Mr. Saroj and Mr. Patelia from NRCMAP for helping me in many ways during my visits to NRCMAP.

My special regards are due to my uncle Mr. Jahangu H. Parabia and my aunt Mrs. Alice Parabia for providing accommodation during the final year evaluation project meeting to the members of DST monitoring committee.

I am thankful to Dr. Jayprakash Dabash and Mrs. Kiran Dabash for supporting me during my stay at Delhi and also to Rahul and little sister for giving me enjoyable company.

I am thankful to my wife Roohana, for her moral support and for developing computer software for managing huge data of clinical trial. I am thankful to my younger brother Rayomand and our family friend Mr. Keji Madarwala who have given their assistance as and when needed. And last but not the least; I am thankful to my parents and the almighty GOD for giving me all happiness in my life.
