## TABLE OF CONTENTS

### INTRODUCTION

1-18

Performance of Organizations 2
Efforts to Understand Performance of Co-operatives 5
Performance Factors of Co-operatives 9
Local Institutions and Organizations 12
Some Features of Indian Village Community 14
This Research 17

### METHODOLOGY

19-37

Need for Exploratory Research 19
Typology of Peoples' Organizations 21
Research Tools Used 25
Selection of a Performance Parameter 27
Grade Point Average 28
Market Share 28
Classification of the Societies 31
Data Analysis 35

### BACKGROUND

38-71

Hoshangabad District: Some Salient Features 38
Location and Boundaries 38
Topography 39
River System and Drainage 40
Climate 40
Historic Sketch 40
Land Holding Pattern 41
Agriculture and Trade 43

Oilseeds Growers' Co-operative Societies:

- Their Origin, Growth and Spread 49
- Design of MP OILFED 50
- Structure of Primary OGCS 51
- Process of Promotion 52
- Business Conditions 53

Nature of Activity of Selected Organizations 55

---

TH. 338. 7  
D2 F2  1994
Nature of the Commodity and its Trade 56
Nature of the Crop 60
Nature of Oilseeds Trade 62
Trade Channels 65
Market Integration and Efficiency 68.

RESEARCH FINDINGS 72-125

A Framework for the Inquiry 72
Membership 74
Actual Membership 74
Intensity of Membership 77
Size of Area being Catered to 80
Composition of Membership 82
Governance System 86
Operating System 96
Sales on Credit 98
Procurement at Door Step 98
Compromises on Quality Standard 99
Helping Farmers Encash Cheques 102
Hours of Operation 103
Relation with Performance 105
The Secretary 106
Competance of Secretary 107
Co-operative as an Alternate Market Channel 110
Distance from Regulated Markets and Road Condition 111
Locational Advantages of Society 113
Volume of Marketable Surplus 115
Domain Centrality 117
Market Behaviour 121

SUMMING UP 126-139

Purpose Served by the Organizations 128
Requirements for Provision of Services 132
Enabling Condition 133
Motivation of Leadership 135
Limitations of the Study 138

Annexure I: Some salient features of Co-operatives 140-145
Annexure II: A Historic Sketch 146-149
Annexure III: Specification of Soybean 150

BIBLIOGRAPHY 151-164
