ACKNOWLEDGEMENTS

I have no words to express my profound gratitude to my teacher Shri J.A. Inamdar for his competent guidance and helping me in all respects.

My sincere thanks are due to: My parents who are my source of inspiration.

Authorities of the Saurashtra University to permit me to carry out my research work in Sardar Patel University and University Grants Commission for financial assistance to collect materials from different parts of Gujarat State.

Director, Botanischer Garten und Museum for supplying seeds of some plants.

Professor Wolfgang Franke, Bonn, West Germany for confirming my results on Plasmodesmata.

Dr. R.C. Patel who has helped me in all possible ways. Drs. P.G. More, and R.M. Patel for helping me and fixing material for my research.

Messers V.R. Rathod, N.N. Pandya, R.S. Patel, M. Gangadhara, B.P. Joshi, K.S. Patel and Mrs. Vasantha Kumar and Mrs. Ushaben Bhatt and all those who have directly or indirectly helped me.

Mr. Kumar Patel for typing the thesis.
