Acknowledgements

It gives me a great pleasure to express my heartfelt gratitude and indebtedness to Professor J. J. Shah for his stimulating and thoughtful guidance, and for providing excellent laboratory facilities necessary for this investigation.

I acknowledge with sincere thanks the generous help rendered by Professor M. V. Parthasarathy, Cornell University, Ithaca, U.S.A. in electron microscopy and for giving valuable suggestions.

My thanks are also due to Dr. (Miss) Bharati Deshpande and Dr. J. D. Patel of this Department, and Dr. T. C. Patel of Department of Physics of this university for their suggestions and everwilling help.

My sincere thanks are due to my colleagues Messrs. R. L. Potdar, E. C. Raju, M. D. Patel, G. M. Nair, M. M. B. Nair, Ajit Singh and S. S. Yadav for their whole hearted co-operation during the course of this work and to Mr. A. R. Patel for typing the thesis.

The award of a Research Fellowship from the University Grants Commission, India is gratefully acknowledged.
Lastly I wish to record my deep hearted thanks to my brother Shri Avinash Chander Setia for his goodwill and inspiration, the value of which far exceeds what the words of appreciation can express.

R. C. Setia
