ACKNOWLEDGEMENT

Research work always demands regularity, precision and brevity. I was fortunate in having Dr. D.N. Patel as my guide and mentor for my Ph.D work in whom all the above qualities of research were found. I express my indebtedness for his graceful act of guiding me whenever I approached him. Not only this but he always evinced care concern and consideration for me. I thank him heartily.

The headmasters of 22 Secondary Schools of Mehsana District did me an Yeoman service by providing me useful data which I demanded. I thank them very much for this act. I also thank D.E.O. of Mehsana District.

My wife, Mrs. Savita and my children Amit, Kuldeep and Pooja all co-operated me in my work. I thank them all for their gracious act.

My parents showed keen interest in my research work. At times my father helped me in proof-reading also. I thank them heartily for this.

I thank Aishvarya Laxmi who has typed my thesis neatly and speedily for me.
