1.5 Finance by Gujarat Government

1.6 Statement of problem

1.7 Definitions of the Terms
II.

1.8 Objectives of the Study

1.9 Hypotheses

1.10 Tools to be used

1.11 Sample and Research Design

1.12 Limitations of the Study

1.13 Chapterization

II. EDUCATIONAL EXPENSES AND THEIR DETERMINANTS

2.1 Introduction

2.2 Unit Cost in Secondary Education

2.3 Classification of Costs

(i) Salary Cost

(ii) Equipment Cost

(iii) Operating Cost

(iv) Others

(a) Size of a School

(b) Age of the School

(c) Pupil - Teacher Ratio

2.5 Rationale for Government spending on Education
III REVIEW OF PAST RESEARCHES

3.1 Introduction

3.2 Researches on size of the Schools, Economic Cost and Achievement of the Pupils

A. Researches done in Foreign Countries

Study-1: By Rendall Eberts, E.K. Schwartz and Joe A. Stone

Study-2: By J.E. Chambers

Study-3: By R.W. Eberts

Study-4: By D.A. Erickson and R.L. Nault

3.3 Researches done in India

Study-1: By Dr. D.T. Lakdawala and K.R. Shah

Study-2: By Dr. D.T. Lakdawala and K.R. Shah

Study-3: By V.B. Sing and I.S. Papola

3.4 Conclusions

IV PLANNING AND PROCEDURE

4.1 Introduction

4.2 Variables of the Study

4.3 Formulation of Null Hypotheses

4.4 Description of the Variables under different Studies

4.5 Sample of the Study
4.6 Collection of the Data

4.7 Research Design and Statistical techniques

V ANALYSIS OF DATA AND THEIR INTERPRETATIONS

5.1 Introduction

5.2 Data regarding expenses

5.3 Data regarding achievement of Schools

5.4 Scheme of Research Designs

5.5 Testing of Null hypotheses

Study 1: Achievement of Rural and Urban Schools

Study 2: Per Capita Expenses of Rural and Urban Schools

Study 3: Difference between the Achievements of Schools having High and Low Per Capita Expense

Study 4: Recurring (Direct) Expenses

Study 5: Trend Test of Per Capita Expenses in Rural Schools

Study 6: Trend Test of Per Capita Expenses in Urban Schools

Study 7: Comparison of Rural and Urban Per Capita Expenses
Study 8: Trend Test for Achievement of the Rural Schools

Study 9: Trend Test for Achievement of the Urban Schools

Study 10: School size Vs. Achievement

5.6 General Discussion of the Results

5.6.1. Achievement of Schools situated in Rural and Urban Areas

5.6.2. Achievement and Per Capita Expense

5.6.3. Trend Tests of the School Achievements

VI CONCLUSIONS AND SUGGESTIONS

6.1 Introduction

6.2 The Sample and the Design

6.3 Conclusions of the Study

6.4 Implications of the Study

6.5 Suggestions for further studies
