ACKNOWLEDGMENTS

It is rather difficult to mention by name all friends and well-wishers who have rendered their assistance in this task.

My chief debt is to Shri Ishwarbhai J. Patel, Vice-Chancellor of Sardar Patel Vapeeth, Vallabh Vidyanagar, whose initial inspiration and constant encouragement during these years enabled me to complete the work successfully.

I am also indebted to the principals and teachers of secondary schools, who have most willingly helped me in the tremendous work of administering the test to their pupils.

My grateful thanks are due to Dr. N.M. Bhatt, Head of the Statistics Department, M.S. University, Baroda for helping me in the work of factor analysis.

I should be charged with ingratitude if I forget to mention the invaluable inspiration given and personal interest taken by Smt. Pilooben Buch in completing the work.
