ACKNOWLEDGEMENT

At this ecstatic event when the long cherished dream has been realised by benedictions of the Almighty, I express a deep sense of gratitude to my reverent guide Dr. J.Z. Patel, Reader in Education, Sardar Patel University, Vallabhbh Vidyanagar for his invaluable guidance with parental benevolence. His unparalleled inspiration coupled with the healthy suggestions at all occasions have enabled me to proceed in the quest of knowledge. At the same time, I thank Mrs. Shantaben J. Patel who has played an indirect but very momentous role of a mother in the completion of this work.

My cordial respects are conveyed to Shri Dinkarbhrai Dave and Shri Suryakantbhai Patel the principals of Shardamandir Vinaymandir and R.C. Patel high school respectively, the schools in which the basis of my experimental research founded. Without the kind co-operation of the staff members and students therein, this work could never have attained its final shape.

I shall ever remember the sincere efforts and rational suggestions by Acharya Vishnudev Pandit, Dr. Rameshbhai Betal, Dr. Jaydevbhai Shukla, Shri Makarandbhai
Brahma and Shri Chhelshankarbhai Dave regarding the literary portion of the thesis including the material from ancient literature.

Simultaneously, I cannot help mentioning with gratification the names of Shri Bhaskarbhai Gavai, Dr. Sunand K. Rawal and Shri Vedar P. Bhatt for their selfless fraternal assistance in varied directions with an everlasting enthusiasm to adorn this embodiment of valuable research.

I take this opportunity to pay my due regards to the principal as well as staff of K.G. Trivedi Sadhna Vinaymandir, the institute of my active work at present; whose good wishes and encouragement have been remarkable throughout.

Mere words, I feel, are inadequate to describe my feelings towards my beloved students, who have taken ceaseless exertion without having any shade of dislike or fatigue on their cheerful faces.

At this auspicious occasion how can I ever forget to pay my warmest homage to the revered parents, who have incessantly endeavoured to mould the shrub of my life into a flourishing tree with the richest kind of manure to nourish it? They have all along been the guiding force in all walks of life whether in the field of education or social activities. I accept my eternal debt to them with
earnest gratefulness at this final stage of studies.

Although no formal reciprocation is called for, I cannot resist the temptation of extending heart felt thanks to my dear sisters along with Sushilaben and her family.

My special appreciation is due to Shri Sanatanbhai Sharma for providing printed materials in time, whenever asked for. I also thank Mr. J.C. Christian for typing these pages neat and clean.

Lastly I remember all my well-wishers and friends who have been instrumental directly or indirectly in the prompt accomplishment of my research work.
