

ACKNOWLEDGEMENTS

It gives me great pleasure to express my thanks and heartfelt gratitude to Dr. S. K. Arora for his continued guidance and encouragement throughout the work carried out. Sincere acknowledgements are due to Professor M.K. Agarwal, Head of the Department, for providing laboratory facilities.

I should acknowledge other members of the faculty and my colleagues for discussions and continued assistance during the course of work.

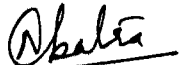

I am grateful to Professor S.M. Patel and the staff of USIC for their co-operation in designing and fabricating the required instruments.

In addition to the co-operation extended by the staff of the office, thanks are due to Mr. Prakash Salvi for typing the manuscript.

The financial assistance, in the form of JRF, from the University Grants Commission and, later SRF, from the Council of Scientific and Industrial Research, New Delhi, is highly acknowledged.

Finally, this work could not have been carried out without goodwill and blessings of my beloved mother and other members of the family.

Vallabh Vidyanagar
April 1988.
