ACKNOWLEDGEMENTS

First and foremost, my deep hearted and sincere thanks to my guide Dr. S. Pugazhenthi Dean (School of Mechanical Engineering) for his valuable guidance, motivation and moral support without which this work could not have been successfully carried out.

I express my wholehearted gratitude to Dr. S. Swaminathan, Dean (Sponsored Research) and Prof. R. Sethuraman, Vice-Chancellor, SASTRA University.

I am extremely thankful to Dr. K. Thiagarajan Dean (Research), Dr. R. Chandramouli, Associate Dean (Research) and my doctoral committee members Dr. H. P. Raju, Dr. G. Prabaharan and Dr. Anjan Kumar Dash for their constructive criticisms and suggestions during the progress of this work.

My special thanks to Dr. P. Raja and Dr. S. Muruganandam for their continuous support and encouragement throughout the course of the work.

I am thankful to my parents, wife and children for their prayers, patience, co-operation and understanding. I thank all my friends for their words of encouragement and support. I thank all those who directly or indirectly helped me in one way or the other during this research work.
