List of Tables:

Table: 2.1  Area, production & productivity of Tomato in India.  22
Table: 3.1  PCR condition for transgene amplification.  56
Table: 4.1  Summary T-rep sequence identity in other crop Begomoviruses.  66
Table: 4.2  Transgenic Tomato development summary.  71
Table: 4.3  PCR analysis of primary transgenic Tomato plants in T₀ generation.  75
Table: 4.4  PCR analysis of primary transgenic Tomato plants in T₁ generation.  78
Table: 4.5  ToLCV disease resistance evaluation in T₁ generation.  79
Table: 4.6  PCR analyses of primary transgenic Tomato plants in T₂ generation.  80
Table: 4.7  ToLCV disease resistance evaluation in T₂ generation.  81
Table: 4.8  Calculation of copy number from standard known plasmid DNA.  83
Table: 4.9  ToLCV Copy number calculation of test sample DNA.  85
