ACKNOWLEDGEMENT

First and foremost, I would like to thank my guide Dr. Satish. S. Patil, Associate Professor, Department of Environmental Science Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, for his constant support, patience and understanding through my research period. He was a guiding light in the most difficult and stressful times. I am thankful to him for providing an opportunity to pursue Ph.D. in Environmental Science under the faculty of science. I am greatful to him for his invaluable guidance throughout my work. His deep insight in the subject has inspired and motivated me to turn out a viable thesis. His meticulous observation at every stage of this work has helped me a lot in bringing this thesis to its present form.

I express my deep sense of thanks to Dr. M.B. Mule Prof. & Head of Department of Environmental Science Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. Dr. N.N. Bandela Associate Professor, for their encouragement and academic support during the research work and Miss Y.L. Padme Assistant Professor for their encouragement and academic support during the research work.

I express my whole hearted thanks to my mother, father (late) also My humble and deep sense thanks are due for my childhood mother (my elder brother’s wife) for her deep affection and constant encouragement and who has given the
real mother morally and emotionally supported from childhood till this moment to complete this task.

I wish to express my gratitude to my wife (Mrs. Jamila S. M. Al-hakimi) for her untiring patience, support and encouragement. And warm greeting for my kids. Roaa, Roba and Deya for their untiring patience.

Here I should also to thank my family, brothers, (Saleh, Jamil), sisters and nephews and all my family in low.

My real thanks to Mr, Mahmood Abdukhaq Al-Selwee, Mr. Faid Faisal Salam, Mr. Abdulhameed Mohammed Ismail Mr. Haroon Othman Al-Mekhlafi Mr. Hafez Abbdulhaq Al-rufaid Mr. Montaser Abdulhaq Al-Sulwee for their continuous support through all me educational stages.

I must thank to Dr. G. M. Pondhe, Dr. Dilip Yardi, Dr. R. D. Joshi, Dr. R. G. Machale, Dr. B. J. Dahiwale, Dr. R. R. Matkar, Dr. Sushil Shinde, Dr. K. L. Karkare, Dr. D. B. Goswami, Mr.Vilas R. Jadhavar Mr. C. B. Pawar, Mr. M. D. Wagh, Mrs. Manjushri Zagre, Mr. Ishwar Ghorade and Mr. V. R. Potdar, for their valuable cooperation & support,

I am deeply thankful to Sow Sandhya S. Patil for her encouragement and motivation during my research work.

I must thank to Mr. Taufiq Ahmed for neat and timely composing of this thesis.
Lastly I thank one and all whom directly or indirectly extended their co-operation to me in completing this research work.

My thanks are also to the all non-teaching staff Department of Environmental Science Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

Mr. A.S.S. Hassan
Research Student
