BIBLIOGRAPHY

I - JOURNALS

9. **Ahmed S. H., Singh A. K.** (1993): Correlation between physico-chemical factors and zooplanktons during diurnal variation in a fresh water tank at Dholi (Bihar), India *J. Environ Bio* 14(2) 95-105

**Physico –Chemical characteristics of Gomati water Oriental**

32. **Athina Econon (1980)**: Periphytone analysis for evaluation of water quality in running water of Greece *Hydrobio* 74 (1) 39-48

‘Diurnal cycle of certain Abiotic parameters of fresh water lake, the Ganer Lake, Bikaner. In the Thar desert of India,

43. **Banerjea S.M. – (1967)**

Water quality and soil condition of fishponds in some state of India in relation to fish production. *Indian J. Fish*, 14 (1 & 2), 115-144.

Pollution control strategy for Ganga. In International Symposium on water resources concentration Pollution and Abatment, Roorkee, Dec. 11-13

56 Bhargava D.S. (1984 a.)

Bhatt S. D. and Pathak J.K. 1992

Physico-chemical features and phytoplankton population in a subtropical pond – comp

64. Bhave S. K. and Borse P.V. (2001)

68. **BIS (1982):** Tolerance limits for inland surface waters and irrigation water subject to pollution 2296: 7 – 14.

71. **Bogdan K. G. and J. J. (1982):** Seasonal patterns of feeding by natural population of *Keratella polyarthra* and *Bosmania* clearance rate of planktonic rotifers clearance rate selectivities of combination to community grazing linol. *Oceanogr* 27: 918-934

Integrated water management: Emerging issues and challenges, agricultural water arrangement, 45.

75. **Bureau of Indian Standards (1991)**

Analysis of water and waste water , BIS, Institution, New Delhi.

89. **Chattopadhya S.N., Routh T., Sharma V.P., Arora H.C. and Gupta R.K. 1984.**

90. **Chauhan A. (1989)**
Impact of distillery effluents on the river v Vaingagga and self purification M.S. accs. Env. Hlth NEERI, Nagpur.

94. **Dakshini K.M.M. and Soni J.K. 1979.**

116. **Dwivedi S. N. (2000)**: Approach for exponential growth in fish production in survenir, the fifth Indian fisheries from CIIAPP 14 – 18.

125. **Forsberg C. (1982)**: Limnological research can improve and reduce the cost of monitoring and control of water quality. *Hydrobiologia* 86:143-146.

Quality of lentic waters of Dharward district in north Karnataka. Indian J. Environ, Hlth 37 (1), 52-56.

139 **Godh , Ranu, Singh O.V. , Tandon S.N. and Mathur R.P. 1991**
A study of water quality and metal speciation of Yamuna river. *Asian Env.* 13(2) : 3-10.

142. **Goel P. K., Gopal B. and Trivedi R. K. (1980):** Impact of Sewage on freshwater ecosystem II, physico-chemical characteristics of water and their seasonal changes,

144. **Goel S.L 1987**

Water pollution status at Kanpur, Civic Affairs. 34 (9) : 9-16.

151 **Handa B.K., Kumar A and Goel D. K 1981**

Trace elements of surface in Uttar Pradesh. TAWM ANN 8 : 11-17

166. **Isalarasu L. (1997):** A report on the most common zooplankton observed in three ponds within ANJAC Campus – *ANJAC Journal* 14, 41.

168 **Israili A.W. 1992**

Occurrence of heavy metals in Ganga river water and sediments *Indian J. Environ Hlth* 34(1) : 63-66.

169 **I.S.I. 1983**

173 **Jameel A. A. (1999 )**

184. **Jha Mohan (2003):** The preliminary study of ecosystem and biodiversity in Lonar Crater. *Indian forester* 129 (10): 1192-120

185. **Jhingran A.G. 1988.**

188. **Jodine Zirk (1996):** Submerged Macrophytes and water quality for four sites in Delta marsh. (Delta marsh) *Annual report* 31: 30-33.

189. **Joshi H.C. 1985**

204. **Khatawkar S. D. Kulkarni A. Y. and Goel P. K. (1989):** Observation on the cycle of phytoplankton and some nutrients during summer in the surface water of a shallow Mesotrophic Lake *Geobios* 16:210-214

Environmental concerns and strategies. APH, New Delhi.

Conservation of Lakes ,

IAAB Publication No. 2. IAAB Hydrabad

217 Kudesia V.P. 1989

Physico-chemical properties of Ganga river at Farrukhabad. Indian J. Environ. Agric. 3 (1 and 2 ): 81-82.

Diurnal changes in Physicochemical characteristics of dadatpur reservoir

222. **Kumar, Adarsh, Sinha and Pandey D.C. 1984.**

223. **Kumar V. 1984**

A Ph.D. thesis of Meerut University, Meerut.

226. **Lakshminarayan J.S.S. 1965.**

230. **Louis A. Hefriech (2003):** Sustaining America *Aquatic Biodiversity, Fisheries and wild life*: 420-520

234. **Madhuri Pejaver (2002):** Physico chemical studies of lake Ambegosale, Thane India *J. Ecogiol* 14 (4) 277-281

236 **Madhwal B.P., Chopra A. K. and Singh H.R. 1983**

J. Zool. 3 : 157-158.

249. **Mathew Verghese, Chauhan and Naik (1992):** Hydrobiological studies on a domestically polluted tropical pond. I. *Physico-chemical characteristics Poll. Res*

251 **Mathur R.P. 1965.**

252 **Mathur R.P. 1986.**
Pollution modeling of upper Ganga Basin . A report Department of Civil Engineering , Roorkee University, Roorkee.

253 **Mathur K. (1991 )**
Water quality assessment of the river chambal over the strech of National Chamble sanctuary in M.P. Indian J. of Ecol. 18 (1) : 1-4.

254 **Mathur A., Shrama V.C., Rupainwar D.C., Marthi R.C. and Chandra S. 1987.**
A study of river Gnaga at Varansi With Special emphasis on Heavy metal Pollution . Polln. Res. 6(1) : 37-44.

268 **Misra G.N., Bhatt C.S. and Sikandar Mohd. 1994.**

269 **Mohan C. and Sarkar H.L. , 1961.**

Preliminary studies on pollution of the river Jamuna, Bull. CPHERI, 1: 76-82.

270 **Mohan C and Sarkar H.L. 1965.**

Some observation on the pollution of Yamuna river at Okhla water works intake, Delhi. Environ Hlth 7(2): 84-86.

Pollution of Narmada river at Hoshangabad in M.P. and suggested measurement for control In ecology & pollution of Indian river Ed. R. K. Trivedy P.P. 54-85, Asian publishing house, New Delhi.

307 **Pandey D.N. and Tripathi B.D. 1984.**

312 **Pandey K.T. et al (1992) **
Seasonal rhythm in the Physicochemical properties of Mahananda river, Kaitar Bihar Env. 10

313 **Pandey N.C. 1985.**

314 **Pandey P.K. and Pandey G.N. 1980.**

316. **Pandey Shakuntala (1993):** The rotifer fauna of champaran North Bihar (India) *Brachionus II* further contribution to the family brachonidae *proc. Acad. Environ Bio* 2(2): 413-147

344 **Prasad B.N. and Saxena, Manjula 1980.**

Physico –Chemical analysis of water in the eastern industrial complex of Udaipur (Rajashthan) India. Poll Res. 12 (3): 145-149.

The study on physicochemical characteristics of palar river waters in Yellore town, Tamilnadu, India.

357 **Rai H. 1974 a.**

Limnological studies on the river Yamuna at Delhi, India Part I: Relation between the chemistry and state of pollution in river Yamuna. *Arch. Hydrobiol.* 73(3) : 369 -393.

359 **Rambilas and Kayastha S.L. 1983.**

Public awareness towards the river pollution of along the ghats of river Ganga at Varanasi. A study of Environmental Assessment and perception. Souv. And Abst. National Conf. on River Pollution and Human Hlth P. 4.

375 **Ray P. and David A. 1966.**

384. **Sadguru Prakash (2002):** Seasonal dynamic of zooplankton in a fresh water pond developed from the waste land of Bricklin *Poll. Res.*21 (1): 81-83

386. **Sahai I.M. 1985**

Control of Ganga pollution in U.P. Civic Affairs,

32 (11) : 5- 11.

387. **Sahai D.K., Matur R.P. and Srivastava S.K. 1988.**

Heavy metals in water and sediments of upper Ganga. Indian J. Environ. Hlth 31(1) : 11-17.

401. **Seleuk Inac and Ozden Goruce (2001):** The new approaches on sustainable wild life of Amik Lake *J. Environ Biol.* 22 (4): 293-296
402. **Seven E. Jorgensen (2003)**: The application of modes to find the relevance of residence time in lake and reservoir management. *J. Limnol.* 62 (1): 16-20

412 **Sharma S.M. and Goyal P.L. 1985.**
Sisamau Nala polluting the Ganga at Kanpur. Civic Affairs, 32(11) : 49-52.

413 **Sheokumar (1992)**
Detorioration in quality of drinking water due to various contaminants

Levels of Ammonia and Phosphates as indication of organic pollution of River Godavari at Nanded, Maharashtra

417 **Srivastava Ajai, Mehrotra M.N. and Tiwari R.N. 1993.**
Study of pollution of river Ganga in the Mirzapur region (India) and its impact on sediments . Int. J. Environ. Stud. 43 (2/3) : 201-208.

418 **Srivastava Ajai, Mehrotra M.N. 1993.**

419 **Srivastava D.K., Awsthi B.B. and Srivastava R.C. 1988.**

Pollution of river Ganga in Rae Bareli district due to disposal of dead bodies and carcasses. In proceeding of the Symposium on “Environmental hazards in Rae Barelio and Amethi” held at F.G. college, Rae Bareli. 14th August, 1986 pp. 49-52.

Studies of river Sai with special references to its fauna. First Technical report , submitted to Department of Environment , Govt. of Uttar Pradseh. Environment Research Centre, Feroze Ganhi College, Rae Bareli, U.P.

Physico-chemical and bacteriological properties of the water of river Ganga at Ghazipur Comp. Physio Eco. 17(3) : 92-96.

The Pollution study of the upper Ganga and its Tributaries. Progress report submitted to Dept. of Environ., govt. of India, Garhwal University, Srinagar.

Pollution status on Sangam and its Adjoining river before the Kumbha Mela at Allahabad IJEP 8 (11) : 839-842.

Variation in water quality of Ganga river between Buxar and Ballia. Res. 7 (3-4) : 85-92.

Impact of mass bathing on water quality at Sangam and adjoining rivers during Magh Mela at Allahabad. IJPE, 8(4) : 275-278.

Status of major rivers in Uttar Pradesh in “Water pollution (Conservation and Management)” edited by Sinha et al. published from Gyanodaya Prakashan Prot. 13(2) : 119-123.

Physico-chemical and biological characteristics of river Ganga between Shuklaganj (Unnao) and Jajmau (Kanpur) India. In water pollution (Conservations & Managements). Edited by Sinha et al. Published from Gyanodaya Prakashan Nainital, pp. 345-371.

454 Sinha A. K. 1986

Physico-chemical studies or river Ganga Water at Kalaknkar (Pratapgarh). IJEP 9 (3): 194-197.

Water quality index for river Ganga between Shuklaganj (Unnao) and Kalalankar (Pratapgarh). In “Management of Aquatic Ecosystem” by Agarwal et al (eds.) Published by Society of Biosciences, Muzaffarnagar, India PP. 233-242.

Water quality characteristics of Ganga River from Kare – Manikpur to Phaphamau-A case study IJEP, 9(11): 845-852.

Concentration of heavy metals in river Ganga water between Kare – Manikpur (Pratapgarh) and Phaphamau (Allahabad) – A Preliminary report. Sci and Cult. 56(11): 451 – 452.

Impact of the mass bathing on water quality of the Ganga river at Haudeshwarnath (Pratapgarh) India – A case Study. The science of the total Environment 101:275-280. (Elsevier Science Publishers B.V. Amsterdam.)

459 **Sinha A.k. 1991.**

460 **Sinha A.k., Tayal S., Srivastava D.K., Pandey D.C., Singh R., Vajipayee Poornima and Srivastava Seema. 1992.**

461 **Sinha A.k., Srivastava Seema and Srivastava K.N. 1992.**

462 **Sinha A.k., Srivastava Seema and Srivastava K.N. 1993.** Quality of river Ganga water in Rae Bareli district. In “Processdings of seminar on Ganga in the service of the nation” Univ. of Roorkee, III-9-III-17.

463 **Sinha A.K., Srivastava Kiran and Srivastava K.N. 1994**

Water quality index of river Sai at Rae Bareli IJEP, 14(12):888-890.

464 **Sinha Kanchan, Bisht Y.P.S., Singh R.P. and srivastava Geeta 1994.**

Physico-chemical characteristics of Industrial Effluents of Rae Bareli Industrial Area –I: A paper Mill In “Environment Management in developing countries

488. **Tiwari T.N., Das S.C. and Bose P.K. 1986.**

489. **Tripathi B.D., Sikandar M. and Shukla Suresh C. 1991.**

Physico-chemical characterization of city sewage discharge into river Ganga at Varanasi, India. *Env. Int.* 17(5) : 469-478.

492. **Upadhyay R. Dubey A.P. and Pandey G.N. 1985.**

495. **Vajpeyee Poornima and Sinha A.K. 1988.**
Heavy metal pollution on River Sai at Rae Bareli. In “proceeding of the Symposium on Environmental hazards in Rae Bareli and Amethi”, held at F.G. college, Rae Bareli; 14th August 1986. pp. 29-34.

509. **Vladimir Sladecek (1983)**: Rotifers as indicators of water quality *Hydrobiologia* 100: 169-201

512 **Wasdy S.A. and Jain P. K. 1988.**

514 **Wetzel,R.G. (1983)**

515 **WHO ( 1984 )**

521. **Young, Y.G., Hannan, H.H. and Maylthew J.J. (1973)**

Nitrogen and Phosphate in the stretch of Goadalpe river impoundments.

Hydrobilogya, 43 (3): 419-441.

II - BOOKS

1. **Adoni A. D. (1985):** Workbook on Limnology, Indian MAB Committee, Dept. of Environment Govt. of India. 30.

15 **Jhingran, V. G. (1985):** Fish and Fisheries of India *Hindustan Publishing Corporation,* Delhi, India.

16 **Kidesia U. P. (1985):** Water pollution 2nd Ed. *Pragati Prakashan Meerut, India*

III - REPORTS

9 Khan A. M. (1992): Physico-chemical characteristics of Vishnupuri dam water with special references to plankton Ph.D. thesis Marathwads University Aurangabad
