ACKNOWLEDGEMENT

I wish to express my sincere gratitude to my supervisors Prof. PONNAMMAL NATARAJAN, Former Director(Research), Anna University, and Dr. G. SETHURAMAN, Assistant Professor, School of Mathematics, Anna University, for their guidance and inspiration throughout my research. Because of their untiring support, constant encouragement and affection throughout my research, I have been able to complete my Ph.D. with in time.

I am thankful to Prof. A. Vijayakumar, Director, School of Mathematics, Anna University, who gave me constant encouragement throughout my research. I take this opportunity to thank Prof. S. Renganathan, Director(Research), Anna University for his help and encouragement, and every staff member of Centre for Research, Anna University, for their timely help during the preparation of the thesis. I also wish to thank all Research Scholars of Anna University for their help throughout my research work. I thank all researchers world over, who have responded to my queries through e-mail.

I wish to place on record my sincere thanks to my Doctoral committee members, Prof. C. PANDU RANGAN, IIT, Chennai, and Prof. KAMAL LODAYA, IMSC Chennai, for their encouragements and valuable suggestions.

I thank the AU-KBC Research Centre, Anna University for providing partial financial assistance towards my doctoral programme.

Mere words are insufficient to express my affectionate gratitude to my family members and my friends for their unflinching support and understanding.

Chennai 600 025
