LIST OF TABLES

Table-No: 2.3.1 Summary of Foreign Studies:

Table-5.1.1: Significant mean difference between Experimental and Control groups with respect to Pre-test scores:

Table-5.1.2: Significant mean difference between Experimental and Control groups with respect to Post-test scores:

Table-5.2.1: Teachers responses towards software in terms of user friendly

Table-5.2.2: Teachers responses towards software in terms of flexibility

Table-5.2.3: Teachers responses towards software in terms of acceptance

Graph-5.2.3: Teachers responses towards acceptance of the software:

Table-5.3.1: Students responses towards software in terms of user friendly

Table-5.3.2: Students responses towards software in terms of flexibility

Table-5.3.3: Students responses towards software in terms of acceptance

Table-5.4.1: Resource person (Teacher Educator) responses towards software in terms of user friendly

Table-5.4.2: Resource person (Teacher Educator) responses towards software in terms of flexibility

Table-5.4.3: Resource person (Teacher Educator) responses towards software in terms of acceptance:

Table-5.5.1: Student response towards software in terms of learning competency
