ACKNOWLEDGEMENT

The author is greatly indebted to Dr.K.Subramanian, Professor, Department of Physics, Anna University, Madras for his dynamic guidance and constant encouragement throughout the evolution of this thesis.

The author thanks Dr.S.Natarajan, Professor and Head, Department of Physics, Anna University for his encouragement and extend his indebtedness to Dr.K.Sivakumar, Lecturer in Physics, Anna University for useful discussions.

The author is thankful to Dr.Perumal, Dr.Venugopal of Central Leather Research Institute, Madras and Dr.K.Balakrishnan of Captain Srinivasamoorthy Drug Research Institute, Madras for providing the compounds.

The author is grateful to Dr.E.Subramanian, Dr.M.Velmurugan and Dr.K.Sekar, Department of Crystallography and Biophysics, University of Madras for their help in the intensity data collection.

The author is grateful to the Director, I.I.T, Madras and Dr.S.Subramanian, Professor and Head, RSIC, I.I.T, Madras for granting leave to do research and also thankful to Dr.Babu Varghese, Senior Scientific Officer, RSIC, I.I.T, Madras for beneficial discussions. Thanks are due to the staff members of RSIC, I.I.T, Madras for many valuable suggestions.

The author thanks Mr.Balagurunathan, Research Scholar, Advanced Centre for Marine Biology, Annamalai University, Parangipettai for his help in the biological studies.

The author is thankful to the members of faculty, research scholars Mr.P.Ravindran, Mr.J.Sivaraman, and J.Senthilselvan and other research scholars of the Department of Physics, Anna University for their friendliness.

Mere words cannot express the author's gratitude to his mother, wife and children whose love and good wishes have always be with him throughout his carrier.
