ACKNOWLEDGEMENT

I wish to acknowledge my deep and sincere gratitude to my advisor, Dr. R. Asokamani and family, Professor of physics, Anna University, for all his encouragement and for all the very illuminating discussions that we have had.

My sincere thanks are due to Dr. S. Natarajan, Dean of Science and Humanities and Dr. G. N. S. Prasad, Professor and Head, Department of Physics, Anna University, for their valuable help. I thank Prof. G. Baskaran, Prof. N. D. Hari Das, Dr. R. Shankar, Prof. M. V. N. Murthy and Prof. R. Simon, Institute of Mathematical Sciences, Madras for their valuable discussions and suggestions. Much of the computational work that went into this thesis has been done at the IMSc., Madras. I am very grateful to the director of IMSc, Prof. R. Ramachandran for granting me permission to make use of the Institute library and the computing facilities. I am indebted to Prof. A. Mookerjee for valuable discussions and encouragements.

My heartfelt thanks are due to Dr. R. Jagadish, Dr. V. Ravindran, Dr. S. Mathi Jaya, Dr. G. Subramoniam, Dr. Manu Mathur, Dr. K. Sunder, Mrs. G. Kalpana and D. Shubashree, who played crucial role in my research career. It is my pleasure to thank my dear friends, Dr. T. Settu, Dr. R. Jayavel, Mr. Abdul Gafoor, Mrs. Mercy, Ms. Rita and the research scholars of my department and IMSc for their timely help. I thank CSIR, New Delhi, for the award of fellowship and the staff of IMSc library for their help. I am very happy to acknowledge my family and the almighty.

(G. PARI)
