Acknowledgement

I would like to thank my guide Dr. S.S. Patil, Associate Professor, Department of Environmental Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, for providing me an opportunity to pursue Ph.D. in Environmental Science under the faculty of science. I am grateful to him for his invaluable guidance throughout my working. His deep insight in the subject has inspired and motivated me to bring out a viable thesis. His meticulous observations at every stage of this work have helped me a lot in bringing this thesis to its present form.

I am greatful to Dr. M.N. Jachak, Associate Professor, Dept. of Chemistry K.T.H.M. College Nashik, for his Co-guidance for completing my research work and kind help at every stage of writing of the thesis.

I would like to express my special thanks to advocate Mr. S.S. Pawar, Chairman, Mr. B.K. Sancheti, secretary and trustees of Kalwan Education society.

I am greatful to Dr. R.A. Shinde, Principal, Art’s, Commerce and Science College Kalwan (Manur). Tal-Kalwan (Nashik) and Dr. D.B. Goswami, Head, Dept. of Zoology, K.V.N. Naik College, Nashik for their invaluable support and encouragement throughout the period of my research work.

I am grateful to Prof. H.D. Deshmukh, Dr. B.S. Pagar, Prof N.B. Kothawade, Prof. R.B. Aher, Dr. S.J. Pawar, Prof. M.N. Patil, Smt. M.V. Borse, Prof. S.M. Pagar, Prof S.K. Maniyar for their valuable guidance and support during the research work

I express my deep sense of thanks to Dr. M.B. Mule, Prof. & Head Department of Environmental Science, Dr. Babasaheb
Ambedkar Marathwada University, Aurangabad Dr. N.N. Bandela, Associate Professor and Miss Y.L. Padme, Assistant Professor, Dept. of Environmental Science Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for their encouragement and academic support during the research work.

I express my whole hearted thanks to my father Late Daulatrao Wagh, my mother Smt. Yamunabai D. Wagh for her deep affection and constant encouragement without which it would have been impossible for me to reach to my goal and to whom I owe all my achievements. I am also thankful to my elderly brother Mr. Ramdas Wagh, Mr. Dileep Wagh and Mr. Sanjay Wagh. My humble thanks are also due to all my family, members who have morally supported me to complete this task. My family, members who have morally supported me to complete this task.

Finally, I wish to express my gratitude to my wife Swo Revati for her untiring patience, support and encouragement throughout the period of my research work and warm greetings of my son Kshitij for allowing me to do this work.

I am deeply thankful to Sow Sandhya S. Patil for her encouragement and motivation during my research work.

Special thanks to my research laboratory colleagues in the Department, Dr. Dilip Yardi, Dr. R.G. Machale, Dr. R.D. Joshi, Shri K.L. Karkare, Shri. Hassan, Shri. V. R. Jadhavar, Shri. C.B. Pawar, Shri. Ishwar Ghorade, Shri. Vishnu Potadar, Mrs. Manjusha Jagre for their valuable support in designing thesis.

My thanks are also due to Mrs. Gauri Nikam for her excellent computer work and completing the work well in time.

Lastly I thank one and all who directly or indirectly extended their co-operation to me in completing this research work.
My thanks are also to the all non-teaching staff of Department of Environmental Science Dr. Babasaheb Ambedkar Marathwada University, Aurangabad and Kalwan College, Kalwan.

Mr. M.D. Wagh
