

ACKNOWLEDGEMENTS

I must first express my deepest sense of gratitude and everlasting respect to my research advisor and Head, **Prof. Pradeep T. Deota**, Applied Chemistry Department, Faculty of Technology and Engineering, for his invaluable guidance, supervision, strictly scientific attitude and for sharing his vast knowledge and experience from the early stage of this research. His strong belief in science combined with systematic approach has been of great help and inspiration. His ability to select and to approach compelling research problems, high scientific standards, and hard work set an example. The blessings, help and guidance given by him time to time shall carry me a long way in the voyage of life on which I am about to embark. I thank him for the chance he gave me to work as a research student under his supervision.

I would like to thank Dean, Faculty of Technology and Engineering, The M. S. University of Baroda, for providing the facilities for research.

I am also thankful to DST for providing financial assistance in the form of DST-Purse fellowship.

It is my pleasure to acknowledge **Prof. B. V. Kamath, Prof. N. D. Kulkarni, Prof. S. R. Shah** and **Prof. A. V. Bedaker** Department of Chemistry, Faculty of Science, The M. S. University of Baroda, for their help in instrumental analysis during my research work.

I owe a debt of gratitude to **Prof. Umesh R. Desai**, Virginia Commonwealth University, Richmond, USA, for his assistance in evaluation of enzymatic activities.

Special thanks are extended to **Prof. M. R. Yadav** Pharmacy Department, Faculty of Technology and Engineering, The Maharaja Sayajirao University for his help in carrying computational studies of designed molecules.

It gives me immense pleasure to acknowledge the help, co-operation, continuous support, suggestions, encouragement and involvement rendered by **Dr. Deepak Singh, Dr. Gautam M. Patel** and **Mr. Kishor Tiwari** during my Ph.D work.

I wish to express my heartiest thanks to my best pals **Mr. Tushar M. Jarag, Mr. Vishal D. Mohite, Mr. Vinod D. Patil** and **Mr. Aliakbar Vora** for their continuous support and help throughout my research work. They always stood beside me whenever I needed them.

It gives me immense pleasure to acknowledge my friends **Dr. Ashok Vishwakarma, Mr. Hemant Mande** and **Mr. Sanjay Verma** for their help in solving the single crystal structure by X-ray analysis and **Mr. Ashish Kanhed** for the help provided by him in molecular modeling experiments. Apart from this they helped me a lot in many ways, so I am very much thankful to them.

In addition, I have been very privileged to get to know **Dr. Harish Talele, Mr. Nilesh Jain** and **Mr. Shyam Sundar** from Chemistry Department, Faculty of Science and **Mr. Mohit Mahajan, Mr. Rahul Dhande,** and **Mr. Hardik Gandhi** from Pharmacy Department, Faculty of Technology and Engineering during this course of time, they supported and helped me in many ways, so I am also thankful to them.

I would like to extend my appreciation to all my colleagues and friends **Mr. Shrinivas Ghodke, Mr. Brijesh Shah, Mrs. Vaishali Suthar, Ms. Renu Singh, Mr. Pranav Chitte, Mr. Pavan Karkare, Mr. Harnish Soni, Mr. Aditya Khanvilkar, Mr. Amrit V, Mr. Tanzim Tinwala, Mrs. Ruhi Pathan, Ms. Ayesha Das, Mr. Ritesh Patel, Mr. Maunank Patel, Mr. Bharat Soni, Mrs. Nairuti Patel** and all other whose name I might be missing for their help and support.

I gratefully acknowledge my dear friends **Mr. Tushar Tembhurne, Mr. Krunal Sonawane, Mr. Keshav Hasilkar, Mr. Nikunj Dalvi, Mr. Honish Sharma** and **Mr. Mayur Sapkal** for their help whenever needed.

Thanks are also due to all other teaching and non-teaching staff of Applied Chemistry Department for their support and cooperation.

I would like to express my deepest gratitude to my parents, **Mr. Vishnu J. Chaudhari** and **Mrs. Alka V. Chaudhari**, for their endless love, support, and countless sacrifices throughout the period of toil, turmoil and tribulations. I am

enormously privileged to have parents that have given their all to and are as invested in my educational achievements as I am. They have been instrumental in my journey from infancy and I know this is as much a victory for them as it is for me. I also need to thank my sister **Ms. Jagruti V. Chaudhari** for her encouragement, support and incessant help at the time of need.

This acknowledgement will be incomplete without appreciating the moral support, inspiration and constant encouragement of my fiancée **Ms. Donika U Markande**, she has helped me in many ways during my thesis writing.

Last but not the least I would like to thank everybody who helped me in successful completion of thesis as well as my apology for those whom I could not mention personally one by one.

Umesh V. Chaudhari
