ACKNOWLEDGEMENT

The author's hearty thanks and gratitude are due to Dr. V. Sankaranarayanan, Professor and Director, Ramanujan Computing Centre, Anna University, Chennai for his valuable guidance, encouragement and supervision during various stages of this work. His help and guidance are invaluable and the author places on record his sincere thanks.

The author wishes to place on record his deep sense of gratitude to Prof. T.R. Natesan, Professor Emeritus – AICTE, Anna University, Chennai for his excellent technical guidance, inspiration, constant supervision and enthusiastic moral support throughout the evolution of this thesis. His guidance has helped the author to acquire some of the insight and introspection necessary for carrying out this research. Without his patience, incessant support and philosophy, the author would never have been able to produce this thesis.

The author's heartfelt thanks are due to Dr. P. Eswar for his encouragement. He is indebted to Dr. Premalatha Rajan, Assistant Professor of English, Anna University and Mrs. Philo Benjamin for having edited the language part of the thesis. He wishes to thank the authorities of the Anna University for the facilities provided and all his colleagues and friends who have helped him in one way or the other in carrying out this research work. With a deep sense of gratitude, the author acknowledges the moral support of Mrs. & Mr. Benjamin.

Finally, the author acknowledges the altruism and patience of his wife Mrs. S. Mary Vennila for the sustained co-operation extended to him throughout the period of this research work. He also records his sincere thanks to his sons V.R. Elgin Christo and V.R. Eugene Christo for the calm and undisturbed domestic environment provided in the course of this work.
