ACKNOWLEDGEMENT

Words cannot express my sincere gratitude to my guide Dr.T.V.GEETHA, Assistant Professor, School of Computer Science and Engineering, Anna University, for her immense interest, constant encouragement, and valuable guidance throughout my work. But for her unlimited patience and critical guidance during the period, this work would not have seen the light of the day.

I will be failing in my duty if I do not express my gratitude to Dr.K.M.MEHATA, Director, School of Computer Science and Engineering for his valuable suggestions and permitting me to do this research work in the school.

I would like to thank the Doctoral Committee Member Dr.D.JANAKIRAM, Assistant Professor, Department of Computer Science and Engineering, Indian Institute of Technology, Madras, for his constructive criticisms and suggestions during the various stages of this thesis work.

I take this opportunity to thank all the staff for the patient hearing and valuable help rendered to me during this period. I would also like to thank all the non-teaching staff for helping me in all the facilities needed for carrying out this research work.

Last but not the least, I thank my family members for providing me necessary help and encouragement I needed it the most. Finally, I thank all those who have helped me in one way or the other in carrying out this research work.
