ACKNOWLEDGEMENT

The thesis comprises the work done by me in the Department of Mathematics, Anna University, Chennai during 1993-1997.

I express my sincere gratitude to my guide Dr. V. Sridharan, Lecturer, Department of Mathematics, Anna University for his guidance, painstaking efforts and constant encouragement throughout the course and also during the preparation of this thesis.

I am deeply indebted to Prof. M. Sreenivasan, Head, Department of Mathematics, Anna University for his constant encouragement. I am indebted to Prof. S. Natarajan, Dean of Science and Humanities, Anna University for his help and advice throughout the course. I also thank my Doctoral committee members Prof. P.R. Parthasarathy, Head, Department of Mathematics, Indian Institute of Technology, Chennai and Prof. A. Rangan, Department of Mathematics, Indian Institute of Technology, Chennai for their valuable suggestions at various stages of my work.

I am also grateful to the authorities of Anna University, Chennai for providing adequate research facilities to carry out the work.

I take this opportunity to express my sincere thanks to my friends who helped me a lot during the course of my work.

Finally I thank the University Grants Commission for awarding the Junior and Senior Research Fellowships.
