ACKNOWLEDGEMENT

The author would like to express his sincere gratitude and indebtedness to Dr. Ramesh Chandran Nayar, Professor, Department of Textile Technology, Alagappa College of Technology, Anna University, Chennai for his valuable guidance, support, encouragement and advice throughout the course of the study. His suggestions were invaluable and helped a great deal in completing the work.

The author is grateful to Dr. M. Madhusoothanan and Dr. V. Subramanian of the Doctoral Committee Members for their valuable comments.

The author is grateful to Dr. V. Subramanian, Director, Department of Textile Technology, Jaya Engineering College and Research Coordinator for his constant support.

The author is grateful to Ms. S. Bhuvana, Research Scholar and Mr. K. Palaniswamy, Knitmac, Tirupur and Mr. G. Subburam, Managing Director, Arun Textiles, Rajapalayam, for their assistance.

The author finally thanks his wife for her encouragement and his little daughter who was instrumental for the wonderful diversion many times and making his life pleasant amidst some dreary days.

The author is grateful to Lion Dr. K. S. Rangaswamy, Correspondent and Chairman, K.S.R. College of Technology and Mr. R. Srinivasan, Secretary for their encouragement.
