ACKNOWLEDGEMENT

The author is grateful to the Research Supervisor Prof. A. R. Santhakumar, Dean of Civil Engineering, Anna University and the Research Coordinator Dr. A. G. Madhava Rao, CSIR Emeritus Scientist, Structural Engineering Research Centre (SERC), Madras for the guidance, encouragement and support he received from them during the course of his research work.

The author expresses his gratitude to Dr. T. V. S. R. Appa Rao, Director, Dr. R. Narayanan, Deputy Director, and Shri N. V. Raman, Former Director, SERC-Madras for granting permission to carry out doctoral studies under the External Registration Programme and extending encouragement and infrastructural and moral support to carry out his research work.

The author is grateful to the Doctoral Committee members Prof. S. Rajasekaran, Head, Department of Civil Engineering, P. S. G. College of Technology, Coimbatore and Prof. C. P. Vendhan, Head, Ocean Engineering Centre, Indian Institute of Technology, Madras for the valuable guidance and suggestions he has received from them during the course of this research work.

The author wishes to thank the Vice Chancellor, the Controller of Examinations and the Dean of Academic Research, Anna University for the support and cooperation he has received from them. The author places on record his thanks to Prof. M. Lakshmipathy, Head, Department of Civil
Engineering, Anna University and the faculty members of the Structural Engineering Division of the university for the support and help he has received from them time to time.

The author thanks Dr. D. S. Ramachandra Murthy, Head, Fatigue Testing Laboratory, SERC-Madras and the technical staff of the laboratory for the help and support extended in carrying out the experimental investigations in connection with the research work.

Colleagues Dr. S. Seetharaman, Shri P. Gandhi and Shri D. S. Sreedhar have been extending their help and support to the author consistently. He places on record his gratitude to them. He also thanks his colleagues and friends Dr. S. Prabhakar, Shri M. Arumugam, Shri B. H. Bharathkumar and Shri Thomas Babu for the help extended by them. Thanks are also due to Shri R. Bhaskaran and Shri N. Chenguttuvan of the Drawing Office, and Shri E. Jeyakumar, Photographer of SERC-Madras.

Many friends and colleagues have helped the author time to time in several ways in completing this research work. Some names must have been left out inadvertently. The author remains grateful to all those friends and colleagues.

Wife Anuradha and children Abhijit and Amulya have shown in the last four years what patience, tolerance and caring mean. The author is indebted to them.

G. RAGHAVA
