LIST OF PUBLICATIONS

Publications in National / International Journals

1. Growth of CdS single crystals by chemical vapour transport under theoretically predicted optimum growth condition
   M.J. Tafreshi, K. Balakrishnan and R. Dhanasekaran

2. Study on the crystallization and mechanical behaviour of CdIn2S4 single crystals
   M.J. Tafreshi, K. Balakrishnan, J. Kumar, R. Dhanasekaran and G. Attolini

3. Growth, electrical conductivity and microindentation studies of CuInS2 single crystals
   M.J. Tafreshi, K. Balakrishnan and R. Dhanasekaran

4. Growth and characterization of pentenary Cu0.5Ag0.5 InSSe crystals grown by chemical vapour transport technique
   M.J. Tafreshi, K. Balakrishnan and R. Dhanasekaran

5. Microhardness and optical studies on CdS single crystals grown by sublimation and hydrogen transport techniques
   M.J. Tafreshi, K. Balakrishnan and R. Dhanasekaran

6. Micromorphological studies on the ZnSe single crystals grown by chemical vapour transport technique,
   M.J. Tafreshi, K. Balakrishnan and R. Dhanasekaran

7. Temperature dependent photoluminescence studies of ZnSe single crystals grown by chemical vapour transport
