ACKNOWLEDGEMENT

The author places on record his deep sense of gratitude and indebtedness to his research supervisor, Prof. C. Subramanian, Emeritus Fellow, Crystal Growth Centre, for his pedagogic guidance, scholarly advice, scientific proficiency and personal interest.

The author expresses his deep feelings of gratitude to Prof. P. Ramasamy, Director, Crystal Growth Centre, for his enthusiastic encouragement and constant support.

The author is extremely grateful to Dr. S. Moorthy Babu, Lecturer, Crystal Growth Centre, for his scientific discussion, critical comments and moral support. The author wishes to express his thankfulness to Dr. R. Jayavel, Lecturer, Crystal Growth Centre, for his critical comments and suggestions which greatly improved the quality of the thesis.

The author is highly thankful to Dr. D. Krishnamurthy, Shizuoka University, Japan for his scientific association and valuable help and Dr. K. Ramamurthy, Bharathidasan University, Tiruchirappalli for having introduced him in the exciting field of crystal growth.

The author is thankful to Dr. V. Sankarasubramnyam, Mrs. G. L. N. Reddy, Dr. G. Raghavan, Mrs. S. Tripura Sundari, Dr. T. Gnanasekaran, Mrs. Kitheri Joseph, Dr. A. R. Lakshmanan, Dr. U. Madhusudhanan, Dr. A. K. Arora and Dr. K. G. M. Vijayalakshmi, IGCAR, Kalpakkam, Dr. B. B. Sharma, Dr. R. K. Sharma and Dr. M. Thirumavalavan, SSPL, Delhi, Dr. K. Asokan, NSC, New Delhi, Prof. R. S. Shirohi, IIT, Chennai, Prof. A. Selvarajan and Dr. S. Gajan, IIISC, Bangalore, Dr. K. N. Srivatsava, Lastech, Delhi, Dr. S. Ganesamoorthy, CAT, Indore and Dr. R. Varatharajan, University of Florida, U.S.A. for their timely help, fruitful discussion and characterization facilities extended. The help rendered by Dr. C. Ferrari and Dr. G. Bocelli, University of Parma, Italy and Dr. P. Santhanaranagavan, Crystal Growth Centre in X-ray analysis is gratefully acknowledged.

The author is highly grateful to all the members of Crystal Growth Centre, in particular, Dr. K. Jeganathan, Mr. P. Jayavel, Mr. N. V. Giridharan, Mr. S. Madeswaran, Mr. C. V. Kannan, Mr. V. Vaithiyathan, Mr. A. Claude, Mr. S. Uthayakumar, Mr. Sahul Hameed, V. Kannan, Mr. E. Srinivasan and Mr. R. Muralidharan and for their timely help and co-operation.

The author is grateful to the CSIR, Govt. of India for the award of Senior Research Fellowship.

The author expresses his heartfelt thankfulness to God, the almighty for having blessed him with wonderful parents and brother whose constant encouragement is the guiding spirit behind this work.

S. KUMARAGURUBARAN
