ACKNOWLEDGEMENTS

The work embodied in this thesis was carried out under the proficient guidance of Dr. B. Suresh, Associate Professor of Earth Science, Department of Studies in Earth Science, Manasagangothri, University of Mysore, Mysore. I am grateful to him for all the help, guidance and encouragement he has rendered to me during the course of this work.

I am grateful to Prof. B. Basavalingu, Professor and Chairman, Department of Studies in Earth Science, Manasagangothri, University of Mysore, Mysore, for encouraging me in all respects and fruitful discussions during the course of work and preparation of this thesis and also providing me with necessary laboratory facilities.

I am grateful to Prof. S. Govindaiah, Department of Studies in Earth Science, Manasagangothri, University of Mysore, Mysore, for encouraging me in all respects and fruitful discussions during the course of work and preparation of this thesis and also providing me with necessary guidance and support in field survey and laboratory work carried out.

I am also grateful to Prof. A. Balasubramanian, Professor of Earth Science and former Chairman, Department of Studies in Earth Science, Manasagangothri, University of Mysore, Mysore, for providing me necessary guidance and support to carry out this research work.

I wish to thank Dr. K.N. Prakash Narasimha, Associate Professor in Earth Science for the help in plotting Geo-Chemical data using required software.

I wish to thank Dr. Seathamadhav, Associate Professor in Earth Science for the help in preparing the thesis in proper order.

My sincere thanks are due to Dr. Govinda Raju, Associate Professor in Applied Geology, Kuvempu University, Shankarghata, Shimoga, for the help in getting Photomicrographs.
My sincere thanks are due to Dr. Basavaraju simpi, and Naveen.P.S Geologist Manyda district., and Sri.Dinesh.M.C., for their kind help in logistic support for the field work and field sample collection during the present work.

My sincere thanks are due to Sri.P.Nagabushan Librarian, Geological society Banaglore., for their kind help in literature survey and support in collection of pervious data.

I wish to thank all the teaching and non-teaching staff of the Department of Studies in Earth Science, Manasagangothri, University of Mysore, Mysore, for their cooperation. My grateful thanks to Director, PPOD, AMSE Wing, GSI, 40th Cross, Easwar Nagar, Bangalore-560082, for getting done the Whole rock analysis by XRF.

I sincerely acknowledge all the concerned persons and friends for provided me an opportunity and helping for completion of this Research work.

My sincere acknowledgements are due to my family members who encouraged me all the time to reach this stage in my life.

My sincere acknowledgements are due to my Wife who encouraged me to complete this work.
