ACKNOWLEDGEMENT

I wish to place on record my profound gratitude to my esteemed guide, Dr. K. Sheshappa Rai, Reader and Head, Department of Polymer Science, Sir M.V.PG Centre, University of Mysore, Tubinakere Industrial Area, Mandya, who introduced me to the presence field of research and guided me in all its stages. His patience, constant encouragement, inspiration and guidance at every stage of the present investigation have been invaluable.

I owe a special debt of gratitude and sincere thanks to Prof. Varadarajulu A; Department of Polymer Science and Technology, S.K. University, Ananthapur, Andrapradesh for his affectionate encouragement and help.

I also express my gratitude to my best friend and research colleague Miss Padma Priya S; for her help, moral support, constant encouragement and valuable suggestions.

I record my sincere thanks to Mr. Poomalai, Chief Manager, CIPET, Mr. R.M. Misra, Manager, CIPET and Mr. Aravind for providing testing facilities and their valuable discussions and suggestions.

I am extremely sincere in thanking Prof. Edward Noronha, for his assistance.

My sincere thanks to The Director, PG Centre, Mandya and all the Faculty members of the Department of Polymer Science for their encouragement.

It gives me a great honour in thanking Mr. Sudarshan, BEML, Mysore for his moral support, constant encouragement and for his patience in making the moulds for the present work.

I am extremely grateful to Mr. Gurulinga, IISc, Bangalore for helping me to get the Scanning Electron Micrographs of composites.
My sincere thanks to Dr. Jaganath, Scientist, DFRL for his help in recording the DSC and TGA studies of blends.

It is a great pleasure to appreciate the help extended to me by Kumar Swamy for determination of particle size of granite powder and flyash.

I am ever grateful to Mr. B. Nagendra, Warden, PG Hostel, Tubinakere, Mandya for his encouragement and timely help rendered during this work.

My sincere thanks to Mr. T.C. Narayan, Mr. H.A. Jagadish, Mr. Sridhar, Mr. B. Kempegowda and Mr. Dharmendra, Non teaching staff, Post Graduate Centre, Mandya for their help rendered during this work.

My parents and my sister have been a constant and patient source of encouragement, support and inspiration during the entire period of this research- I am most profoundly grateful to them for their love.

The University Grants Commission (UGC) awarded a project fellowship and the Council of Scientific and Industrial Research (CSIR) awarded a senior research fellowship which made this research possible- I thank the authority of both these organizations for their support.

(H.V. RAMAKRISHNA)
