Acknowledgements

With extreme pleasure, I would like to express my sincere and deep sense of gratitude to my guide Honorable Dr. B. N. Dole, Reader, Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for his valuable guidance, constant encouragement and timely suggestions throughout my research period. I also express my deep sense of gratitude for his excellent guidance, competent advice, keen observations, valuable suggestions, commandable discussions and persistent encouragement as well as personal attention given to me during the entire course of work, besides this the successful completion of this work would not have been possible. I am deeply indebted to him for his kindness, constant encouragement and support.

I have no words to express my gratitude to Prof. S. S. Shah (Rtd.) Ex. Head and Professor, Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, for being with me with their professional advice, scientific discussion and will remember the perceptual moments I shared with him in due course of research work. He could be described as a symbol of all that is excellent, divine, intelligent, kind, gentle and generous with all imperishable human values. My words are inadequate to express gratitude and I will prefer to remain indebted for the same.

I express my sincere thanks Dr. Y. Purushotham, Scientist, Centre for Materials for Electronics Technology, Hyderabad for his timely help, cooperation and valuable discussions.

My sincere thanks go to Dr. Mahavir Singh, Professor, Department of Physics, H. P. University, Shimla (H.P.), for giving me an opportunity to carry out VSM of the nanomaterial samples in his laboratory.

I owe my sincere thanks to Prof. P. B. Vidyasagar, Head, Department of Physics, University of Pune, Pune, for providing me XRD, VSM, UV-Vis and FTIR facilities. I wish to thank SAIF, Indian Institute of Technology, Pauai, Bombay for TEM measurements.

My heartfelt thanks go to Prof. K. M. Jadhav (Ex Head) Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for encouragement & technical discussions during the course of this work.
I extend my sincere thanks to Prof. P. W. Khirade, Head, Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for moral support, encouragement and allowing me to use the departmental facilities during the course of this work.

I would like to express my sincere appreciation to my colleague Mr. V. R. Huse for his pleasant company, technical discussion, cooperation and all the help he had extended during the years of sustained pressure required to complete this work.

Where would I be without my family? My parents deserve special thanks for their inseparable support and prayers. Words fail me to express my appreciation to my father Dattu Nateba Mote, first person who put the fundamental my learning character, showing me the joy of intellectual pursuit ever since I was a child. He was always giving freedom to learn without any stress. My mother, Sheshabai D. Mote is the one who sincerely raised me with her caring and gently love.

There is some power in blessings. In every success there is someone who blessed me. Someone who not only bless you but also take care of your emotions, your frustration, your good willing and so much. I found all of things in Mrs. Jyoti B. Dole, Ms. Laxmibai N. Dole & Late Nivrutti Maharaj Dole. I have no words to express their thanks in words. I owe my thanks to Ku Tanaya B. Dole & Pushkar B. Dole owing to their friendly behavior with me during the span of this work.

My heartfull thanks go to family member Sow Laxmi & Shri Shankar Mote, nephew Ganesh, Hrishikesh, Omkar and Ku. Pratiksha, Gayatri, Surekha, Manisha & Maya for the tender care and enduring encouragement though they have taken it is a part of their duties.
