Acknowledgments

Words can never be enough to express my heartfelt gratitude towards Dr. S. D. Chitambar, my guide. It would not have been possible to accomplish the present work without her constant support and guidance. Her wisdom, knowledge and commitment to the highest standards inspired and motivated me a lot. Being by her side, I did not only grow up professionally to an independent researcher but also emotionally and spiritually with courage to face and endure the hurdles in the journey of life.

I am grateful to Dr. A.C. Mishra, Director NIV for his support during this study. I express my sincere gratitude to Dr. G. R. Ghalsasi for providing SPF hens and the facilities to maintain the experimental birds and to carry out related laboratory work at PDRC, Venky’s (India) Ltd., Pune. His suggestions on the various aspects of the present work were immensely valuable for me. I sincerely acknowledge Indian Council of Medical Research (ICMR), New Delhi and Dr. B.V. Rao Foundation for poultry research, Venky’s (India) Ltd., Pune for providing me financial support during my Ph. D. tenure.

My special thanks to Dr. C. G. Raut for his help in histopathology and immunohistochemistry analyses; Dr. V. Gopalkrishna for his encouragement; Dr. G. Kang for allowing me to use the real time RT-PCR facility in the Department of Gastrointestinal Sciences, CMC Vellore and Dr. D. Suryavanshi, Omega Laboratories, Pune for his assistance in carrying out the animal pathology work. I am deeply thankful to Dr. Vinayak V. Limaye, Dr, Prasanth Lumpatki and other staff members of SPF Division, PDRC, Venky’s (India) Ltd., Pune for rendering necessary help in maintenance of hens, collection of eggs and purification of IgY.

I owe my deepest gratitude towards my colleague Mr. Ganseh S. Dhale for his consistent co-operation in laboratory and field experiments and moral support during the study. Very special thanks to Dr. Jagdish Jade and Dr. Rahul Phadnis for being friends in need with all the supports. I wish to express my sincere thanks to the staff members of Enteric viruses group, Dr. Pratibha Ray, Dr. Madhuri Joshi, Mrs. Vaishali Tatte, Mrs. Sujata Ranshing, Dr. Swati Gandhe, Mr. Rajendra Kolahpure, Mr. Sanjay Tikute, Mrs. Reethamma Ashokan, Ms. Vaishali Hatte, Mr. Prabhakar Jadav, Mrs. Lalita Bhosale, Mr. Suresh Ubale, Mr. Rahul Jagtap, Mr. Manohar Shinde, Mr. Ramesh Doiphode, Mr. Rajesh Kannalu and Mrs. Aruna Pardeshi for their timely help. I gratefully acknowledge the co-operation extended by Mr. S.N Fulari, Mr. M.P. Rajarshi, Mr. Vijay Kalangade, Mr.
N. B. Bhandekar, Mr. R. Venkatayya, Mr. D.L Nagayya Mr. A.V Kondayya, and Mr. T.S Ramayya during the animal experimentation works in Animal House Division.

I express my sincere gratefulness to Mrs. Pooja Fulmali, Dr. Preeti Chhabra, Mrs. Ritu Arora, Ms. Shilpa Bhalla, Mrs. Harsha Verma for their valuable suggestions and encouragement. I extend my special thanks to Mr. Gajanan Patil and Vipin Menon for their technical help in carrying out real time RT-PCR at CMC, Vellore. The help and co-operation of Ms. Komal Rawal, Ms. Anismrita Lahon, Ms. Laxmi Vandana Rongala, Ms. Ruta Kulkarni, Ms. Gauri Pradhan, Ms. Neha Lasure is acknowledged gratefully.

I feel the deepest sense of gratitude towards my mother and sisters for providing inspiration and moral support throughout my research work. It would have been impossible to complete this thesis, a milestone of my academic career without the loving support and encouragement of my elder sisters Mrs. Sadori Buragohain and Mrs. Maya Buragohain Bhuyan. My special gratitude is to my father-in-law and mother-in-law, for their support and understanding. I am deeply indebted to my brother-in-law, Mr. Kalyanmoy Dihingia and sister-in-laws Mrs Juri Dihingia and Mrs. Indrani Gogoi for their affection and concern. Finally, I thank my daughter Ojasvi, niece Niharika and husband Madhujya for standing by my side through good and bad times.

Manika Buragohain
