Acknowledgement

The accomplishment of the work of this kind must invariably have required the perpetual help, encouragement and inspiration, by many individuals coming from the various walks of life, by one way or the other.

Of these, first, I would like to express my deep sense of gratitude to my guide Prof. P. Pradeep Kumar and Co-guide Dr. K. C. Sinha Ray who gave me the golden opportunity to do this wonderful work. Dr. Sinha Ray’s guidance and Prof. Pradeep Kumar’s regular inspection about the work should be given credit for the completion of this work. The work could not have been completed without their constant cooperation, encouragement, advice, discussions and all facilities provided during my research work.

Space Application Centre (SAC), Ahmadabad and Indian Space Research Organisation (ISRO) are acknowledged for the financial support through MOP-II scheme. Department of Science and Technology (DST) is acknowledged for the financial support under the PURSE program.

My visit to SAC during project meeting was educational and confidence boosting to me. Dr. P. C. Joshi, Dr. C. M. Kishtawal and Dr. Sathyamurthy of SAC, provided valuable comments during visit to SAC which help to improve the work. I would also like to thank Dr. P. N. Sen and Dr. Sinha Ray who motivated me to use WRF model during this period of research. Dr. Makarand Kulkarni and Dr. Anandakumar Karipot gave positive appraisals and suggestions after every seminar I have given. Special thanks to Dr. Anandakumar for organizing various celebrations which provide friendly interactions among seniors and juniors as well as between teachers and students, it made the research
more lively and efficient. Presence of Sen Sir in the lab proved to be supportive.

All the satellite data is obtained from MOSDAC and the reanalysis data is from NCEP as well as ECMWF. Google did all the digging of research literature for me.

The credit for achieving any goal in my life should entirely go to my parents and brother. Their constant affection and encouragement, has been instrumental in keeping me busy with my work. I wish to express my gratitude to Dr. D. K. Paul and all my teachers from the Department of Atmospheric and Space Sciences, University of Pune and Indian Institute of Tropical Meteorology (IITM) for the knowledge that I have gained from them, through lectures as well as through innumerable discussions.

My friends have always brought a smile to my face whenever I was under pressure. Friends from our department Sanjay More, Baban Nagare, Rupesh Patil, Sandeep Wagh, Mayur Patil, Popat Salunke, Prayagraj Singh and from Physics department in the University especially Devdatta (Devya), Ranjit, Padmakar, Sandip, Sanket were always ready to help me in all aspects. Enjoyed each trek we went which brought me close to nature and acted as a mind refresher. Also thankful to my roommates Somu, Umesh, Rajesh, Yogesh, Deven, Vipul, Tushar, Nitin, Rahul for making each moment in our room memorable.

I am indebted to many of my colleagues and seniors to support me during this task. I would like to thank the following people for their help and support during my days in this department. Dr. Makarand Kulkarni, Dr. Jish Prakash, Dr. Bhupendra Raut, Nilesh Wagholkar, Baban Nagare, Sanjay More, Umamaheswari, SachinPatade, Rupesh Patil, Rajan, Anusha Sathyanadh, Chetana Patil and Vidya Pawar.

Finally, I would like to thank all of the unmentioned persons who helped me directly or indirectly in this task.

December 2013

Sushant
