ACKNOWLEDGEMENT

First of all I offer my prayer with great adoration to that entire omnipotent “GOD” who bestowed me physical and mental strength, courage and determination to strive hard to accomplish this stupendous job. For what all that I am writing this acknowledgement about has necessarily to do with an endeavour in which a long list of associated people who have not only associated themselves with, but do have supported me all along and through ‘Thick and Thin’ besides, providing me succour especially at a time when I used to be literally ‘At My Wit End’ in the face of an imposingly challenging and perceptively gigantic task of compiling my dissertation work well in time.

It is a great privilege for me to have worked under the guidance of respect worthy supervisor Prof. J. S. Tara, Department of Zoology. I express my deep sense of gratitude and sincere thanks to my revered guide for his dexterous supervision, useful suggestions, constructive criticism, wonderful analysis, untiring help, peerless compassion, firm determination and affectionate attitude that enlightend me although in bringing out this thesis in its present form.

I owe my special thanks and deepest gratitude to Prof. Kuldeep Sharma, Head, Department of Zoology, for extending all facilities when required and for his guidance and constant encouragement.

With a feeling of immense pleasure and proud privilege, I express my deep sense of gratitude to Prof. Baldev Sharma, former H.O.D., Department of Zoology whose incessant guidance, constant encouragement, valuable instructions and perspicacious thoughts throughout this virtually difficult job. Without his cooperation probably, a gargantuan and quite an arduous task of completing my thesis would not have become virtually a Cake Walk.

I am highly thankful to Dr. Sanjay Bhatia, Assistant Professor, Department of Zoology for his prudent advice and untiring help during the course of my research work. I would fail in my duty if I don’t extend my panegyric word of appreciation to the entire teaching faculty of the Zoology Department viz. Prof. D. N. Sahi, Prof. N. K. Tripathi, Prof. Roopma Gandotra, Prof. Seema Langer, Dr. Parvinder Kumar, Dr. Arti Sharma and Dr. Sarbjeet Kour for their motivation, help, support and cooperation.
I acknowledge the help received from Mr. Jagdish Singh, Mrs. Sureshta, Mr. M. L. Koul, Mr. Roop Singh, library staff and other non teaching staff of the Department of Zoology, University of Jammu.

I express my deep sense of gratitude, obligation and sincere thanks to Dr. V. V. Ramamurthy, Principal Scientist, Entomology Division, I.A.R.I., New Delhi, for his valuable scientific advice, help, support and cooperation in prompt identification of insect species discussed herein during my visit to I.A.R.I., New Delhi.

Acknowledgement

Department of Zoology, University of Jammu

Thanks are due to Dr. D. P. Abrol, Head, Entomology Division, Sher-e-Kashmir University of Agriculture Sciences and Technology (KUAST), Jammu and Mr. Anil Sudan for providing me with meteorological data required in my research work.

My special thanks are due to Professor Rahul Gupta, H.O.D, Department of Statistics, University of Jammu for his valuable help, support and cooperation in application of Statistics on my research data.

I am also thankful to the authorities of IARI, New Delhi; Dr. Y.S. Parmar University of Agriculture and Forestry, Solan (H.P.); Punjab Agriculture University Ludhiana; Sher-e-Kashmir University of Agriculture Sciences and Technology, Jammu for allowing me to consult their respective libraries.

I express my appreciation for valuable cooperation and help rendered by Dr. Mohammed Azam, Dr. Pervaiz Ahmed, Mr. Imran Mehmood, Mr. Sanjay Kotwal, Mr. Manu Malhotra, Mrs. Renu Sharma, Mrs. Sumita Sharma, Dr. Monika Chhetry and Dr. Shaloo Ayri who have been helpful to me in one way or other during the course of this work. My heartfelt thanks are due to Mohd. Feroz, Mr. Sunil, Mr. Aadil, Ms. Sheetal, Ms. Ramnik, Ms. Bhavandeep, Ms. Sarit, Ms. Shivani, Ms. Palavi, Ms. Anu and other lab mates for the inspiration, unprecedented help and coordination that they provided me during the research work.

Feelings cannot be put in words to show my deep sense of gratitude to my worthy parents who have been the real support and always stand by me through my thick and thin. This work could not have been possible without their constant blessings, affection, inexhaustible perseverance and inspiration. I am at loss of words in expressing my innate but heartfelt gratitude.
to my brothers Mr. O.P. Sharma and Mr. P.R. Sharma for standing by me through all the odds arising during the course of this stupendous job. I wish to put on my profound regards to my sister Ms. Rohani Sharma who has been the real pillar of my confidence during different phases of my work. Her constant affection, perseverance and moral as well as financial support motivated me to carry on the work consistently with all sincerity and patience. She is the one who had donned in on the mantle of being wanderlust along with me at one point of time by stepping out overly into the fields and thus helped me exceedingly in the collection of data and also helped me in writing my dissertation. Last but not the least I very humbly extend my warm thanks to all my dear friends, the precious people in my life. Despite of challenging work load, they were always there to sympathize, encourage and cooperated me in each step of this perusal. Their lively presence made me strong and confident at the tough times of my work.
